Dear Ms Welton,

I'm a huge football fan and have purchased everything football-related, from David Beckham's jerseys to subscriptions to FourFourTwo and Match of the Day. As a fervent consumer myself, I understand the power of marketing and how it can influence buying behavior, which will allow me to excel as a Senior Marketing Coordinator at Dove.

After graduating with a bachelor's in marketing, I landed my first marketing job at a startup, where I managed the company's social media accounts. In just six months, I was able to increase our social media following by 50%, resulting in a 25% increase in sales.

At the health and wellness company Nuffield Health, I faced the challenge of standing out in a crowded market. I developed a targeted campaign that highlighted the unique value propositions of our products, including high effectiveness, long shelf-life, and competitive pricing. Through this campaign, we were able to increase our website traffic by 35%, resulting in an 18% increase in sales.

I believe my ability to think creatively and strategically, coupled with my experience in developing successful marketing campaigns, makes me the ideal candidate for this position. I look forward to using my communication and project management skills to help reach Dove's business goals, including your commitment to promoting body positivity and inclusivity.

Thank you for considering my application. I am excited about the opportunity to discuss my qualifications further.

Yours sincerely,  
Juliet Paxton

101 Best Cover Letters Michael Betrus, Jay A. Block, 1999-04-22 Beat out the competition for the best jobs Create an image of accomplishment professionalism and competence that today's employers are begging for Job seekers have paid hundreds of dollars for the expertise in these dynamic guides and regarded every cent as well spent With these job landing tools on your desktop you'll have the same savvy working for you for far far less with the same great results 101 Best Resumes packs tried and proven advice you'll use to Create a resume that gets you in the door Target your resume for a specific positions over 70 different categories are covered Experiment with traditional and new formats More 101 Best Cover Letters shows you how to put together compelling letters to accompany your resume Learn how to Ignite interest with the first two sentences Turn references into endorsements Send your cover letter online Pick up smart interviewing tips negotiate a higher salary use the Internet in your job search work with recruiters and much much more How to Write a Cover Letter Theodore Kingsley, 2023-06-26 Gallery of Best Cover Letters David Franklin Noble, 2004 This collection is composed of nearly 300 quality cover letters and 35 corresponding resumes written by professional resume writers It includes expert tips for writing and designing cover letters for maximum impact a rich idea book full of adaptable examples and suggestions **How To Write Amazing Cover Letters** The Hyperink Team, 2012-02-12 ABOUT THE BOOK If a resume is a window into your past work experience a cover letter is the tool you use to install it Cover letters were once just an after thought something most people used to simply regurgitate their resumes In fact it wasn't until the last decade that cover letters gained wide acceptance and importance Today not only is the cover letter just as important as a resume it can be the deciding factor in whether a hiring manager looks at your resume or throws it in the trash But how do you write the kind of amazing cover letter that will get you in the door How can you create a narrative of your professional experience that makes the HR person sit up and take notice The key is knowing how to present yourself It does not matter if you've spent 30 years in the work force or are just entering it the fact remains that you need to learn to how convince someone else to interview you MEET THE AUTHOR The Hyperink Team works hard to bring you high quality engaging fun content If ever you have any questions about our products or suggestions for how we can make them better please don't hesitate to contact us Happy reading EXCERPT FROM THE BOOK You've probably figured out a few mistakes to avoid already but you'd probably be surprised at what many employers are turned off by when reading cover letters Lack of proofreading This is a no brainer but many people often miss them or don't bother to spell check before sending out the cover letter and resume It's always a good idea to ask a friend or family member to check your letter for spelling errors and typos to give you a fresh perspective Not including the name of the hiring manager If you don't know who is going to read your cover letter and resume try to find out When in doubt call the company and ask who the person in charge of that department is so you can target your letter appropriately Not writing to an audience Focus each letter on each employer According to Career Builder 44 percent of

executives polled said it's common for applicants to use their cover letters to show they've learned more about the job. Doing so can give you an edge against the competition. Failing to sell yourself. If you undersell your skills and qualifications, you won't make an impression on the reader. Don't just talk about your accomplishments; give concrete examples. Regurgitating the resume. Cover letters weren't meant as a tool to repeat everything that's in your resume. It's a tool to build on it and an opportunity to correlate your experience with the job you're applying for. Include any training, classes, awards, and recognition you've received in the past that might give you an edge over the competition. Buy a copy to keep reading.

**Cover Letters that Blow Doors Open** Anne McKinney, 1999. Designed as the comprehensive guide to cover letter preparation, the 272-page book shows examples of exciting and door-opening cover letters. The main section of the book shows cover letters by field and industry. From aviation to computer operations to management to sales to transportation, cover letters tailored to specific fields are illustrated, which can be used as models or templates for those involved in a job hunt. But what if a job hunter is changing careers or doesn't need a cover letter targeting a specific field or functional area? There's a section showing examples of all-purpose cover letters, career change cover letters, cover letters for entrepreneurs, and cover letters for those seeking their first job. For those seeking advice on how to respond to ads, how to handle questions about salary requirements, how to request consideration for multiple job openings in the organization, and how to write letters for special situations, there's a section entitled *Sixteen Commonly Asked Questions About Cover Letters and Job Hunting*.
