Cyber Monday Today Setup:

Global Risk Agility and Decision Making Daniel Wagner, Dante Disparte, 2016-08-12 In *Global Risk Agility and Decision Making* Daniel Wagner and Dante Disparte two leading authorities in global risk management make a compelling case for the need to bring traditional approaches to risk management and decision making into the twenty first century Based on their own deep and multi faceted experience in risk management across numerous firms in dozens of countries the authors call for a greater sense of urgency from corporate boards decision makers line managers policymakers and risk practitioners to address and resolve the plethora of challenges facing today s private and public sector organizations Set against the era of manmade risk where transnational terrorism cyber risk and climate change are making traditional risk models increasingly obsolete they argue that remaining passively on the side lines of the global economy is dangerous and that understanding and actively engaging the world is central to achieving risk agility Their definition of risk agility taps into the survival and risk taking instincts of the entrepreneur while establishing an organizational imperative focused on collective survival The agile risk manager is part sociologist anthropologist psychologist and quant Risk agility implies not treating risk as a cost of doing business but as a catalyst for growth Wagner and Disparte bring the concept of risk agility to life through a series of case studies that cut across industries countries and the public and private sectors The rich real world examples underscore how once mighty organizations can be brought to their knees and even their demise by simple miscalculations or a failure to just do the right thing The reader is offered deep insights into specific risk domains that are shaping our world including terrorism cyber risk climate change and economic resource nationalism as well as a frame of reference from which to think about risk management and decision making in our increasingly complicated world This easily digestible book will shed new light on the often complex discipline of risk management Readers will learn how risk management is being transformed from a business prevention function to a values based framework for thriving in increasingly perilous times From tackling governance structures and the tone at the top to advocating for greater transparency and adherence to value systems this book will establish a new generation of risk leader with clarion voices calling for greater risk agility The rise of agile decision makers coincides with greater resilience and responsiveness in the era of manmade risk *Wow! I'm 80!* Samuel Solomon, 2019-05-23 When I reached my 80th birthday I was reminded of my thinking when I was in my late 30 s and my father was 72 He proudly stated he was a member of SCORE Service Corps of Retired Executives and was helping local businesses I had difficulty believing he was capable of helping others based on his advanced age In retrospect I now realize he was almost 10 years younger than I am so I am documenting to share with others what someone in his 80 s can do *The Dynamics of Fashion* Elaine Stone, Sheryl A. Farnan, 2018-02-22 For fashion students who want to be both in the now and in the know *The Dynamics of Fashion* Fifth Edition has the latest facts and figures and the most current theories in fashion development production and merchandising giving you the foundation you need in the industry It offers hundreds of real life

examples of leading brands and industry trends to show you fashion careers and how to apply what you learn The book also covers sustainable fashion wearable technology social media and more in detail An online STUDIO includes self quizzes flashcards and links to videos New to this Edition Expanded coverage of the latest industry trends including sustainable fashion e commerce globalization wearable technology and the use of social media for fashion marketing Revised For Review and For Discussion questions new terms added to Trade Talk and expanded Glossary More than 150 new full color photographs highlighting the people principles and practices of the fashion business 25% new Fashion Focus and Then and Now features bring in current topics and industry trends The Dynamics of Fashion 5th Edition STUDIO Study smarter with self quizzes featuring scored results and personalized study tips Review concepts with flashcards of terms and definitions and image identification Branch out with links to curated online multi media resources that bring chapter concepts to life Expand your knowledge by further exploring special features Then and Now and Fashion Focus PLEASE NOTE Purchasing or renting this ISBN does not include access to the STUDIO resources that accompany this text To receive free access to the STUDIO content with new copies of this book please refer to the book STUDIO access card bundle ISBN 9781501324079
