Beginning Google Maps Mashups with Maplets, KML, and GeoRSS Sterling Udell, 2008-11-21 Beginning Google Maps Mashups with Maplets KML and GeoRSS is a beginner's guide to creating web mashups using Google mapping technology. Serves as a single source primer to displaying data on Google Maps. Covers both Maplets and the Google Maps API. Provides everything you need to start participating in the geographic Web. What you'll learn: Mash up GeoWeb services onto a Google map. Package your mashup as a maplet and publish it to maps.google.com. Enhance your map with driving directions, local search, map advertising and more. Discover common Google mapping mistakes to avoid. Find out how and when to geocode existing data into mappable coordinates. Deliver your own data as GeoXML. Who this book is for: This book is for web designers and developers who have not worked with Google Maps or geographic data before. A working knowledge of HTML is required and some programming experience is beneficial.

The Return of the Russian Leviathan Sergei Medvedev, 2019-12-18 Winner of the 2020 Pushkin House Book Prize. Russia's relationship with its neighbours and with the West has worsened dramatically in recent years. Under Vladimir Putin's leadership the country has annexed Crimea, begun a war in Eastern Ukraine, used chemical weapons on the streets of the UK and created an army of Internet trolls to meddle in the US presidential elections. How should we understand this apparent relapse into aggressive imperialism and militarism? In this book Sergei Medvedev argues that this new wave of Russian nationalism is the result of mentalities that have long been embedded within the Russian psyche. Whereas in the West the turbulent social changes of the 1960s and a rising awareness of the legacy of colonialism have modernized attitudes, Russia has been stymied by an enduring sense of superiority over its neighbours alongside a painful nostalgia for empire. It is this infantilized and irrational worldview that Putin and others have exploited as seen most clearly in Russia's recent foreign policy decisions, including the annexation of Crimea. This sharp and insightful book full of irony and humour shows how the archaic forces of imperial revanchism have been brought back to life, shaking Russian society and threatening the outside world. It will be of great interest to anyone trying to understand the forces shaping Russian politics and society today. Also available as an audiobook.

Beginning Google Maps Applications with PHP and Ajax Jeffrey Sambells, Michael Purvis, Cameron Turner, 2007-12-22 Until recently building interactive web-based mapping applications has been a cumbersome affair. This changed when Google released its powerful Maps API. Beginning Google Maps Applications with PHP and Ajax was written to help you take advantage of this technology in your own endeavors—whether you're an enthusiast playing for fun or a professional building for profit. This book covers version 2 of the API, including Google's new Geocoding service. Authors Jeffrey Sambells, Cameron Turner, and Michael Purvis get rolling with examples that require hardly any code at all, but you'll quickly become acquainted with many facets of the Maps API. They demonstrate powerful methods for simultaneously plotting large data sets, creating your own map overlays, and harvesting and geocoding sets of addresses. You'll see how to set up alternative tile sets and where to access imagery to use for them.

The authors even show you how to build your own geocoder from scratch for those high volume batch jobs As well as providing hands on examples of real mapping projects this book supplies a complete reference for the Maps API along with the relevant aspects of JavaScript CSS PHP and SQL Visit the authors website for additional tips and advice **The New Democrats and the Return to Power** Al From,Alice McKeon,2013-12-03 From the founder of the influential Democratic Leadership Council a behind the scenes look at the rise of the New Democrats and how they built the foundation for a new generation of progressive leaders Sharing Economy and the Impact of Collaborative Consumption de Luna, Iviane Ramos,Fitó-Bertran, Àngels, Lladós-Maslorens, Josep, Liébana-Cabanillas, Francisco, 2019-09-20 The introduction of new technology and technological services worldwide has ushered in a new wave of peer to peer and access driven companies that are disrupting the most established business categories The emergence of these new business models has upset the flow in contemporary society and transformed people's behavior towards sharing based economies Companies and entrepreneurs can see this significant change in people's behavior as both an opportunity and a threat Sharing Economy and the Impact of Collaborative Consumption provides emerging research on the impact that the sharing services are having on society as well as the importance of the sharing economy development in the coming years dealing with relevant issues such as regulations the technological aspects involved in these platforms the impact in the tourism sector and consumer behavior in relation to these services Multidisciplinary in nature this publication establishes links between economics finance marketing consumer behavior and IT and covers topics that include e-commerce consumer behavior and peer economy It is ideally designed for researchers students business professionals and entrepreneurs seeking current research on the impact that this industry has on various economic marketing and societal aspects of different countries **Sustainable Transport and Tourism Destinations** Luca Zamparini,2021-02-08 Transport and sustainability are intrinsically linked This book examines the links between transport tourism and sustainability by means of a series of large case studies covering several countries

Google Maps Ideas Returns Introduction

In today's digital age, the availability of Google Maps Ideas Returns books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Google Maps Ideas Returns books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Google Maps Ideas Returns books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Google Maps Ideas Returns versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Google Maps Ideas Returns books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Google Maps Ideas Returns books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Google Maps Ideas Returns books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of

certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Google Maps Ideas Returns books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Google Maps Ideas Returns books and manuals for download and embark on your journey of knowledge?
