The Tyranny of Big Tech

Josh Hawley, 2021-05-04 The reign of Big Tech is here and Americans First Amendment rights hang by a keystroke Amassing

unimaginable amounts of personal data giants like Google Facebook Amazon and Apple once symbols of American ingenuity

and freedom have become a techno oligarchy with overwhelming economic and political power Decades of unchecked data

collection have given Big Tech more targeted control over Americans daily lives than any company or government in the

world In The Tyranny of Big Tech Senator Josh Hawley of Missouri argues that these mega corporations controlled by the

robber barons of the modern era are the gravest threat to American liberty in decades To reverse course Hawley argues we

must correct progressives mistakes of the past That means recovering the link between liberty and democratic participation

building an economy that makes the working class strong independent and beholden to no one and curbing the influence of

corporate and political elites Big Tech and its allies do not deal gently with those who cross them and Senator Hawley

proudly bears his own battle scars But hubris is dangerous The time is ripe to overcome the tyranny of Big Tech by reshaping

the business and legal landscape of the digital world
