## **Venmo Guide:**

*Venmo an Easy Guide for Beginners* Scott Casterson, 2016-03-09 With cash becoming a thing of the past many companies are trying to appease such a new age phenomenon. These apps allow you to enjoy a night out with dinner and a show with friends without having a dime in your pocket. Venmo is one such app. It is a digital wallet that gives users the opportunity to send money from your bank account for free to either pay bills or repay a friend by sending money back to their Venmo account. It came about in March 2009 as a system through which funds could be paid through text messages and is said to be safe for users but has since been refined and is now very popular among the social class.

**Guide To Directly Invest In Companies** Consuela Carey, 2021-08-11

In the always-connected sharing economy of today, we are more comfortable than ever before with sharing not only our life experiences but our personal resources with one another. Instagram and Facebook led the way in sharing life experiences, but this sharing mindset is now expanding into other dimensions of the economy. While in the past, people may have turned to Western Union to exchange money, our generation is using Venmo. We don't look for hotels anymore because we know we can book an Airbnb and rent someone's apartment. And we don't take cabs because we can grab an Uber with our phone and get a ride in someone else's car.
