Welcome Speech for Students by Teacher - (Edit & Download)

Good morning, students!

I am the principal, your mathematics teacher here at Springfield Academy. It is with great enthusiasm that I welcome you to the start of another academic school year. Today marks a fresh chapter for each one of you—whether you are just beginning your journey with us or returning to build on an already impressive academic foundation.

To all our new students, I extend a heartfelt welcome. You are about to embark on an exciting path filled with new discoveries and opportunities. This is your chance to engage with new ideas, meet brilliant people, and develop skills that will set you apart. To our returning students, welcome back! Your continued passion and dedication are the heartbeat of our community. It's your spirit that helps make our school vibrant and inspiring.

It also fills me with a renewed sense of gratitude to our dedicated faculty and staff. Their hard work over the summer has prepared us for a year of engaging learning and growth. The efforts of these individuals often go unnoticed, but they are the pillars upon which our educational standards rest.

This school year, I encourage each of you to take full advantage of everything Springfield Academy has to offer. From rigorous academic programs to a wide range of extracurricular activities, there is something here for everyone. From the new student, just starting, to the senior, participating in sports, we don't let a day go by without exploring new interests. These experiences are what shape your unique academic journey and personal growth.

As we move forward, remember that education is a journey, not a race. It's about understanding the world and finding your place in it. Ask questions, seek out new challenges, and be open to learning from both successes and setbacks. Each moment you spend here, both in and out of the classroom, is a stepping stone towards becoming thoughtful, informed, and responsible citizens.

Proceeding ICAST 2023 Maya Itasari, ST., MT., Dianti Utami Dewi, ST., MT., Aqila Dwi S., 2023-11-30 The Global Joint Education Center for Science and Technology GJEC at the Graduate School of Science and Technology GSST of Kumamoto University has been hosting the International Student Conference on Advanced Science and Technology ICAST annually since 2008. The purpose is to encourage international collaboration among postgraduate students and young researchers and to foster cooperative development in education and research with partner universities. ICAST is predominantly organized and overseen by students offering a valuable opportunity for them to enhance their leadership and communication skills in an international context. Previously ICAST has been conducted at foreign universities such as Peking University China, Ewha Womans University Korea, Ege University Turkey, Shandong University China, University of Seoul Korea, University of Clermont Auvergne France, National Kaohsiung University of Science and Technology Taiwan, and De La Salle University Philippines in addition to events held at Kumamoto University. We are excited to announce the 18th ICAST scheduled to take place at the Universitas Hasanuddin Faculty of Engineering from September 18 to 20, 2023. All participants will have the opportunity to deliver live oral presentations and showcase posters.

News Bulletin of the Institute of International Education Institute of International Education (New York, N.Y.), 1951 **Building a Global University** Muralidhar Miryala, 2024-08-09 In today's globalized world, universities strive for excellence by aligning with the UN Sustainable Development Goals and competing in research. Global universities aim to benefit future generations and promote cooperation through exchange programs and research collaborations. This book emphasizes long-term planning, research focus, financial management, online learning, community engagement, and sustainable development goals as integral aspects of global university success. It also demonstrates that universities should prioritize societal values over rankings and popularity. The book is divided into two parts. The first part delves into the global strategies for establishing successful universities worldwide, highlighted by the vice chancellors and presidents from renowned universities of the world. The second part discusses pilot projects and experiences from Shibaura Institute of Technology (SIT) along with successful case studies contributing to top-tier university development. It highlights that collaboration among universities, research institutions, and industries, as well as leadership, strategic decision making, and aligning missions with globalization goals, are crucial for success. For any university in the world, including young universities aiming to become one of the top global universities within a specific timeframe and improve its ranking locally as well as globally, this is the right book as it showcases worldwide expert opinions and case studies.
