marketing moving at a snail's pace if you're frustrated watching competitors with bigger teams get better results if you're ready to operate at a different order of magnitude this book is for you. This is the book that digital marketing legends are writing about. This is the playbook that will define your next decade. For Employees If you work in marketing this book will make you invaluable to your organization. You'll be able to propose and execute strategies that competitors can't match. You'll become the person who delivers 10X results. For Freelancers If you're a digital marketer selling services this book teaches you to deliver in days what competitors take weeks to complete. You can charge premium rates. You can scale your income without working more hours. For Entrepreneurs If you're building a business this book gives you the playbook to execute marketing that rivals companies 10X your size. You can compete with limited budget and team. You can grow faster than traditional businesses can scale. For Marketing Agencies If you run an agency this book shows how to deliver 5X more value to clients while reducing your operational costs. You can take on bigger clients. You can charge premium rates. You can scale your agency predictably. For Anyone Worried About AI Replacing Them If you're concerned AI will replace marketing professionals this book shows the opposite. AI amplifies good marketers. It makes them more valuable not less. The future belongs to people who can direct intelligence not those who ignore it.

#### Artificial Intelligence And Innovation Management

Stoyan Tanev, Helena Blackbright, 2022-03-09. Artificial Intelligence and Innovation Management contributes to the ongoing debate among innovation scholars and practitioners focusing on the potential impact of Artificial Intelligence AI on the ways companies and organizations do business operate and innovate. It considers AI as a source of innovation both in terms of innovation within the field of AI itself AI innovation and in terms of how it enables or disrupts innovation in other fields AI driven innovation. The book's content is driven by several important conclusions. It is therefore both necessary and timely to explore the different aspects of the relationship between AI and IM. The contributors to this book include both scholars and practitioners from multiple countries and different types of institutions. They were selected based on their ability to provide a relevant distinctive perspective on the relationship between AI and IM the degree of their professional engagement with the field their ability to contribute to the thematic and contextual diversity of the contributions and their ability to provide actionable insights for both innovation scholars and practitioners. Helena Blackbright Mälardalen University Sweden and Stoyan Tanev Carleton University Canada are chairing the Special Interest Group on AI and IM at the International Society for Professional Innovation Management <https://www.ispm.innovation.com>
