Bell & Howell Newspaper Index to the Los Angeles Times, 1980 *Broadcasting & Cable*, 2006-04 *Governance in Sport* Bonnie Tiell, 2025-06-17 At its core, sport governance encompasses two key elements: power and decision making. To truly grasp a sport organization's purpose and structure, it's essential to understand who wields power and which decisions are made by those who possess it. In response, the updated and enhanced *Governance in Sport: Analysis and Application*, Second Edition, aims to equip students with the skills to navigate both ordinary and extraordinary situations encountered in the oversight and authority of sport organizations at all levels of sport. *Governance in Sport* examines sport governance from three broad analytical and applied perspectives: A legal and managerial overview of practices, processes, and policies in sport organizations encompassing ethical behavior, effective leadership, decision making, and policy development; A framework of the structures and functions of regulatory agencies that govern state, national, regional, and international sports; An applied overview of governance and authority in selected sectors of the industry, including professional sports, amateur sports, sports media, sports betting, esports, and more.
