Apple Music Goodreads Choice Usa:

Young Adult Resources Today Don Latham,Melissa Gross,2014-05-21 *Young Adult Resources Today* Connecting Teens with Books Music Games Movies and More is the first comprehensive young adult library services textbook specifically written for today's multidimensional information landscape. The authors integrate a research focused information behavior approach with a literature focused resources approach and bring together in one volume key issues related to research theory and practice in the provision of information services to young adults. Currently no single book addresses both YA information behaviors and information resources in any detail instead books tend to focus on one and give only cursory attention to the other. Key features of this revolutionary book include its success in Integrating theory research and practice. Integrating implications for practice throughout the book. Integrating knowledge of resources with professional practice as informed by research. Integrating both print and electronic formats throughout within the resource chapters including websites and social media. Latham and Gross accomplish all this while paying particular attention to the socially constructed nature of young adulthood diversity, YA development and multiple literacies. Their coverage of information landscapes covers literature with detailed coverage of both genres and subgenres movies magazines web sites social media and gaming. The final chapter cover navigating information landscapes focusing on real and virtual YA spaces readers advisory programming and collaboration. Special attention is paid to program planning and evaluation.

Digital Dominance Martin Moore,Damian Tambini,2018 Across the globe Google Amazon Facebook Apple and Microsoft have accumulated power in ways that existing regulatory and intellectual frameworks struggle to comprehend. A consensus is emerging that the power of these new digital monopolies is unprecedented and that it has important implications for journalism politics and society. It is increasingly clear that democratic societies require new legal and conceptual tools if they are to adequately understand and if necessary check the economic might of these companies. Equally that we need to better comprehend the ability of such firms to control personal data and to shape the flow of news information and public opinion. In this volume Martin Moore and Damian Tambini draw together the world's leading researchers to examine the digital dominance of technologies platforms and look at the evidence behind the rising tide of criticism of the tech giants. In fifteen chapters the authors examine the economic political and social impacts of Google Amazon Facebook Apple and Microsoft in order to understand the different facets of their power and how it is manifested. *Digital Dominance* is the first interdisciplinary volume on this topic contributing to a conversation which is critical to maintaining the health of democracies across the world.

Translating and Transmediating Children's Literature Anna Kérchy,Björn Sundmark,2020-09-30 From Struwwelpeter to Peter Rabbit from Alice to Bilbo this collection of essays shows how the classics of children's literature have been transformed across languages genres and diverse media forms. This book argues that translation regularly involves transmediation the telling of a story across media and vice versa and that transmediation is a specific form of translation.

Beyond the classic examples the book also takes the reader on a worldwide tour and examines among other things the role of Soviet science fiction in North Korea the ethical uses of Lego Star Wars in a Brazilian context and the history of Latin translation in children's literature. Bringing together scholars from more than a dozen countries and language backgrounds these cross disciplinary essays focus on regularly overlooked transmediation practices and terminology such as book cover art trans sensory storytelling cartoonyfication foreignizing domestication and intra cultural transformation
