Why I Am a Five Percenter Michael Muhammad Knight, 2011-10-13 A thoughtful insider view of The Five Percenters a deeply complex and misunderstood community whose ideas and symbols influenced the rise of hip hop Misrepresented in the media as a black parallel to the Hell's Angels portrayed as everything from a vicious street gang to quasi Islamic revolutionaries The Five Percenters are a movement that began as a breakaway sect from the Nation of Islam NOI in 1960s Harlem and went on to impact the formation of hip hop References to Five Percent language and ideas are found in the lyrics of wide ranging artists such as Nas Rakim the Wu Tang Clan and even Jay Z The Five Percenters are denounced by white America as racists and orthodox Islam as heretics for teaching that the black man is Allah Michael Muhammad Knight the Hunter S Thompson of Islamic literature The Guardian has engaged this culture as both white and Muslim and over the course of his relationship with The Five Percenters his personal position changed from that of an outsider to an accepted participant with his own initiatory name Azreal Wisdom This has given him an intimate perch from which to understand and examine the controversial doctrines of this influential movement In *Why I Am a Five Percenter* Knight strips away years of sensationalism to offer a serious encounter with Five Percenter thought Encoded within Five Percent culture is a profound critique of organized religion from which the movement derives its name Only Five Percent can act as poor righteous teachers against the evil Ten Percent the power structure which uses religion to deceive the Eighty Five Percent the deaf dumb and blind masses Questioning his own relationship to the Five Percent Knight directly confronts the community's most difficult teachings In *Why I Am a Five Percenter* Knight not only illuminates a thought system that must appear bizarre to outsiders but he also brilliantly dissects the very issues of insiders and outsiders territory and ownership as they relate to religion and privilege and to our conditioned ideas about race

SACRED SUNDAYS Dionne Q. Blackwell Aka Empress Kali, 2011-11-16 *Sacred Sundays* is a self help guide book to help the thousands of women who are care takers and nurturers of others before they take care of and nurture themselves As

women we often times give the entire essences of who we are to others not honoring our own self worth nor understanding how to balance the life we have created or been given Sacred Sundays was written to help the powerful and powerless super women living on the edge of burnout and breakdown find ways to press pause and take time out of their busy schedules to restore and rejuvenate their mind and bodies as well as how to find spiritual transformation through personal and sacred intimacy Isn't it time for you to care for yourself the same way you care for others *Knowledge of Self Supreme* Understanding, Sunez Allah, C'BS Alife Allah, 2009-07-30 Do you know who and what you are Do you know who you're meant to be Do you know how to find the answers to questions like these Knowledge of Self is the result of a process of self discovery but few of us know where to begin when we're ready to start looking deeper Although self actualization is the highest of all human needs it is said that only 5% of people ever attain this goal In the culture of the Nation of Gods and Earths commonly known as the Five Percent students are instructed that they must first learn themselves then their worlds and then what they must do in order to transform their world for the better This often intense process has produced thousands of revolutionary thinkers in otherwise desperate environments where poverty and hopelessness dominate Until now few mainstream publications have captured the brilliant yet practical perspectives of these luminary men and women Knowledge of Self A Collection of Writings on the Science of Everything in Life presents the thoughts of Five Percenters both young and old male and female from all over the globe in their own words Through essays poems and even how to articles this anthology presents readers with an accurate portrait of what the Five Percent study and teach as well as sound direction on how to answer timeless questions like Who am I and why am I here Why is there so much injustice in the world and what can be done about it Who is God and where on Earth is he How do I improve myself without losing myself Why are people of color in the situations they're in What can we do about the global problems of racism and poverty **Library of Universal Literature: Critique of pure reason**, 1900 **Critique of Pure Reason** Immanuel Kant, 1901 Metaphysicians have for centuries attempted to clarify the nature of the world and how rational human beings construct their ideas of it Materialists believed that the world including its human component consisted of objective matter an irreducible substance to which qualities and characteristics could be attributed Mind thoughts ideas and perceptions was viewed as a more sophisticated material substance Idealists on the other hand argued that the world acquired its reality from mind which breathed metaphysical life into substances that had no independent existence of their own These two camps seemed deadlocked until Immanuel Kant's Critique of Pure Reason endeavored to show that the most accurate theory of reality would be one that combined relevant aspects of each position yet transcended both to arrive at a more fundamental metaphysical theory Kant's synthesis sought to disclose how human reason goes about constructing its experience of the world thus intertwining objective stimuli with rational processes that arrive at an orderly view of nature *Kant's Kritik of judgment, tr. with intr. and notes by J.H.
