vivid descriptions illustrating the juxtaposition of tradition and modernity and serves as a historical document that elucidates women's roles within the changing landscape of India during this transformative period. Sunity Devee, born into the royal family of Cooch Behar, was not only a member of the elite but also a pioneering advocate for women's education and empowerment in India. Her upbringing and royal responsibilities instilled in her a unique perspective on the challenges faced by women at the time. Her voice resonates with authenticity shaped by her experiences as a ruler's daughter and her commitment to social reform, illuminating the broader struggles for women's rights in Indian society. This autobiography is essential reading for anyone interested in Indian history, gender studies, or the intricacies of royal life. Devee's reflections provide a profound understanding of the intersection of personal identity and societal change, making this work a significant contribution to both literature and scholarship. Readers will be captivated by her journey, gaining invaluable insights into the resilience and agency of women in a patriarchal world.

Interrogating Reorganisation of States Asha Sarangi, Sudha Pai, 2020-11-29. The volume analyses the complex historical and political context for the processes of state formation in independent India. It provides both a conceptual and empirical framework for an understanding of Indian democracy through the perspective of reorganisation of states. Following the recommendations of the States Reorganisation Commission SRC in 1956, the territorial boundaries of the states were redrawn. However, within a decade, the geo-linguistic and cultural ideological criteria could not be considered satisfactory for the future division of states. With the formation of three new states—Chhattisgarh, Uttarakhand, and Jharkhand—and the demand for Telangana statehood not accepted as yet, new dimensions and perspectives about state formation as a critical political practice have surfaced yet again in contemporary India. The book addresses a number of significant themes related to states reorganisation and its effects, questions of underdevelopment, size, political participation, governance, cultural identities, and also analyses the demand for smaller states. It focuses on different states' historical and contemporary trajectory, leading to the demand for territorial remapping and thus recognising specific political and cultural resources and identities in the regions and sub-regions of states in India. The book will be useful for those studying politics, history, sociology, comparative politics, and South Asian Studies.
