SPENCER SPEEDWAY LEGENDS 1957-1977 Len Kasper, 2016-10-27 *SPENCER SPEEDWAY LEGENDS 1957 1977* by Len Kasper *SPENCER SPEEDWAY LEGENDS 1957 1977* was written using notes and journals kept by the author and it tells an in depth chronology of a racetrack in a suburb of Rochester New York over a twenty year period The storyline follows the drivers owners promoters officials and race crews that made this incredible history possible It includes a multitude of behind the scenes information and personal stories with rare photographs from the author and from the racing families themselves For those who lived through the period it is a nostalgic trip back in time For others it will be a compelling journey through time where local tracks were evolving from jalopy tracks to professional racing circuits and their drivers rose to national prominence

[Chevy Drag Racing 1955-1980: A Celebration of Bowtie's Success at the Drag Strip](#) Doug Boyce, 2020-03-15

Relive the glorious first 25 years of Chevy drag racing in this comprehensive and nostalgic history With the introduction of Chevy's OHV V 8 in 1955 the brand's domination on the drag strip immediately snowballed Drag racers loved the compact V 8 It was lightweight revved high and responded like no other engine previously produced to modification Chevy saw a record year in sales in 1955 thanks to a combination of a restyled body and the new mill It was the age of ingenuity and those who could get their hands on the new engine were swapping it into engine bays that once housed other weaker mills Ford's flathead one that had dominated for so long was rendered obsolete almost overnight Chevy had a winner and dominated the sales charts for years to come Aftermarket manufacturers got on board and offered up all the go fast goodies needed to make Chevy a winner no matter what category they ran From Dragsters to Stock Chevy's success was immediate And it was a long term success thanks to a combination of years of great styling and a vast array of driveline combinations Accomplished racing author Doug Boyce takes a celebratory look at those years of success with a focus on the first 25 years 1955 through 1980 Chevrolets gave rise to such stars as Bill Grumpy Jenkins Jungle Jim Liberman Sneaky Pete Robinson Dyno Don Nicholson Sox Martin Dick Harrell Dave Strickler and many more World champs and fan favorites all drove Chevys The success showed in the record books No brand has won more races and events or has set more national records than Chevrolet And unlike the other manufacturers Ford and Chrysler it was done with little to no factory support Whether you are a hardcore Chevy fan or just love catching up on the history of drag racing during the golden age this nostalgic look at Chevy racing history is sure to entertain for hours on end

[Quarter-Mile Mustangs](#) Doug Boyce, 2022-05-15 Blast down the quarter mile in the first two generations of Ford's legendary pony car across all drag racing classes in Quarter Mile Mustangs Since first becoming a mass market success in mid 1964 the Ford Mustang has made millions of passes down the quarter mile on sanctioned drag strips With styling flared toward the youth aftermarket parts manufacturers saw an enormous opportunity to produce go fast components to aid in propelling Ford's pony car down the 1320 The success of these cars was immediate In the hands of successful and seasoned pros such as Gas Ronda Bill Lawton and Dick Brannan

Ford unleashed the devastatingly potent 1965 A FX Mustang fastback which was built by Blue Oval stalwarts Holman Moody with the 427 SOHC Cammer engine that unleashed havoc on mother Mopar From those very first factory drag cars through the fabled 1968 1 2 Cobra Jets drag racing historian Doug Boyce highlights the many successes of pioneers such as Dyno Don Nicholson Les Ritchey Phil Bonner Hubert Platt and Al Joniec However it's not just all doorslammers As A FX transitioned into Funny Car a whole new chapter in Mustang drag racing was written with Mickey Thompson taking the reins and steering Mustangs to success throughout the late 1960s and early 1970s The muscle car era Mustangs joined the Mustang II and soldiered on the best they could as ever changing rules hampered Ford's new pony body with drivers Bob Glidden and Nicholson trying to squeeze every bit of performance out of the diminutive pony Quarter Mile Mustangs The History of Ford's Pony Car at the Drag Strip 1964-1978 brings forth the most in depth coverage of these cars at the drag strip Don't get caught sleeping at the light

Drag Racing in the 1970s Doug Boyce, 2025-01-15 Re live the 1970s with this book that covers a sensational and unique decade of drag racing history In the 1950s drag racing was in its infancy The sport made incredible technological advancements in the 1960s and that technology was streamlined and refined with a sense of professionalism in the 1970s It became more difficult for a local homebuilt shoestring budget team to compete at the national level These teams were priced out of the top classes by larger teams that had more sponsorship money So the low budget teams dropped to less expensive classes or simply sold their gear and stopped competing However drag racing in the 1970s was fascinating in its own right There was still a significant amount of development as well as new classes to celebrate Funny Cars morphed from altered wheelbase doorslammers in the early 1960s to full blown tube chassis flip top fiberglass bodied beasts by 1970 This led to the creation of the Pro Stock class which was a popular child of the 1970s with its rivalries and connections to the Detroit manufacturers In the interest of safety Top Fuel cars became mid engine beasts and they turned out to be faster as well By the end of the decade Funny Cars nearly became full bodied versions of the Top Fuel cars Many of these developments are still evident in NHRA racing today In Drag Racing in the 1970s veteran racing author Doug Boyce takes you chronologically through the entire exciting decade covering the cars the classes and the future hall of fame drivers who raced them The transition to professionalism the big money sponsors the many sanctioning bodies the rivalries and even the lower classes such as Modified Eliminator and Super Stock are chronicled in this illustrated tribute Add a copy to your drag racing library today
