Walsh and a veritable Who's Who of expert contributors, Dental Hygiene follows the Human Needs Conceptual Model with a focus on client centered care that takes the entire person into consideration. Step by step procedure boxes list the equipment required and the steps involved in performing key procedures. Rationales for the steps are provided in printable PDFs online. Critical Thinking exercises and Scenario boxes encourage application and problem solving and help prepare students for the case based portion of the NBDHE. Client Education boxes list teaching points that the dental hygienist may use to educate clients on at home daily oral health care. High quality and robust art program includes full color illustrations and clinical photographs as well as radiographs to show anatomy, complex clinical procedures and modern equipment. Legal, Ethical and Safety Issues boxes address issues related to risk prevention and management. Expert authors Michele Darby and Margaret Walsh lead a team of international contributors consisting of leading dental hygiene instructors, researchers and practitioners. NEW chapters on evidence based practice, the development of a professional portfolio and palliative care provide research based findings and practical application of topics of interest in modern dental hygiene care.
