National Drygoods Reporter and Drygoodsman, Combining Dry Goods Reporter, Chicago [and] the Drygoodsman, St. Louis ,1916    The Making of a Rescuer Nicholas Campbell Corff,2012-11-26 This is a book about the making of a hero a rescuer There are few of us that can claim to be bigger than life heroes but surely the story of Dr Otto Trott s life is the story of one of these Because of his existence many lives have been saved or improved human suffering has been reduced and the world is a better place What greater statement can be made about a person A hiker sees the beautiful blue of a mountain gentian just off the trail and stops to capture the image through a snapshot but in seeking a slightly wider angle steps back in a flash the hiker lies injured amid the rocks A snowboarder searches for untouched powder snow but finds a cliff instead A small plane has engine trouble and glides steeply toward a mountain meadow An early snowstorm catches two climbers exposed in the high alpine An avalanche buries a foolish snowmobiler trying to make the highest mark on the side of snow covered slope An older gentleman has a heart attack far from his city hospital Its quite possible and even probable that what all of the above have in common is Dr Otto Trott He co founded the search and rescue organization that seeks out the injured and carries them down from the mountains he pioneered the medical treatments that will be used for hypothermia and frostbite he introduced advanced European methods of climbing as well as the identification of avalanche danger areas and the systematic search for and rescue of accident victims Most importantly Otto taught generations of others to follow in his

footsteps As Lou Whittaker the renowned mountain guide states This book is a must for anyone who seeks the mountains and their reward Dee Molenaar the acclaimed mountaineer artist and writer says that this treatise is long overdue while the legendary high altitude premier climber Jim Wickwire writes that Nicholas Corff has brought to life the fascinating story of Otto Trott There is no question that Dr Otto Trott was one of those few men who was a legend in his own time but he always remained a man of great empathy as well as skill who sought to relieve suffering improve the safety of the outdoors and protect the mountain environment he so loved In his long and adventuresome life he overcame great loss with courage and perseverance and ultimately was the recipient of many awards including the Jefferson Award Along with the text there are over 250 full page photos and illustrations
