From Scrolls to Scrolling Bradford A. Anderson, 2020-06-22 Throughout history, the study of sacred texts has focused almost exclusively on the content and meaning of these writings. Such a focus obscures the fact that sacred texts are always embodied in particular material forms, from ancient scrolls to contemporary electronic devices. Using the digital turn as a starting point, this volume highlights material dimensions of the sacred texts of Judaism, Christianity, and Islam. The essays in this collection investigate how material aspects have shaped the production and use of these texts within and between the traditions of Judaism, Christianity, and Islam, from antiquity to the present day. Contributors also reflect on the implications of transitions between varied material forms and media cultures. Taken together, the essays suggest that materiality is significant for the academic study of sacred texts as well as for reflection on developments within and between these religious traditions. This volume offers insightful analysis on key issues related to the materiality of sacred texts in the traditions of Judaism, Christianity, and Islam, while also highlighting the significance of transitions between various material forms, including the current shift to digital culture.

**Power, Affect, and Identity in the Linguistic Landscape** Xiaofang Yao, 2024-12-13 Uncovering the complexity of linguistic diversity and semiotic creativity, this book examines the issues of power, affect, and identity in both physical and digital linguistic landscapes. Based on fieldwork with various Chinese communities in Australia, the book offers unique insights into the uses of languages, semiotic resources, and material objects in public spaces and discusses the motives and ideologies that underline these linguistic and semiotic practices. Each chapter frames the sociolinguistic issue emerging from the linguistic landscape under investigation and shows readers how the personal trajectories of individuals, the availability of semiotic resources, and the historicity of spaces collectively shape the meanings of publicly displayed language items in offline and online spaces. Supported by a wealth of interviews, media, and archival data, the book not only advances readers' understanding of how linguistic landscape is structured by various historical, political, and sociocultural factors but also enables them to reimagine the linguistic landscape through the lens of emerging digital methods. This book is an ideal

resource for researchers advanced undergraduates and graduate students of applied linguistics and sociolinguistics who are interested in the latest advances in linguistic landscape research within virtual and material contexts Chapter 2 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

Stein, 2013-11-19 Essay from the year 2013 in the subject Politics Region Western Europe grade 8 Maastricht University language English abstract Over the past two years the civil war in Syria has been one of the major topics in Western media It began in 2011 with demonstrations against the Assad regime It is estimated by the United Nations that over 100 000 have died and millions have been displaced since then Tomasevic 2013 One of the major focuses set by the media is on Bashar al Assad the current President of Syria who is called upon by many in and outside the country to resign Wilkinson Smith Spark 2013 In the early terms of his Presidency Assad symbolized a sign of hope for a more modern and democratic Syria a significant factor was his wife born and educated in Great Britain who spoke out publicly for human rights and peace The two were represented as a glamorous and westernized couple by the press throughout the years This perception abruptly changed with the uprisings in Syria which have begun in March 2011 Goodspeed 2012 However Bashar al Assad's wife Asma is still portrayed as a caring First Lady by social media such as instagram and facebook used by the Assad Regime Dewey 2013 As a result of her presentation as a liberal and peace aiming figure in the past many in particular women still hope that the country's First Lady will stand up against violence however she remains silent until this point UN ambassador wives 2012 One wonders how such a positive and one sided depiction of Asma al Assad in the Western media was achieved in the first place Who was holding the reins for this And why were the journalists more absorbed by her outward appearance than by the fact that she is the wife of a dictator These are questions this paper examines Therefore I studied Western media in particular fashion magazines tabloids but also well respected newspapers such as the Guardian or the Washington Post in order to give my reader a varied overview of the way Asma al Assad was represented in different tubes of the Western press The answers serve to consider what the contrasting portrayal of Asma al Assad can reveal in general about the accuracy and the function of the media in the West being influenced both by propaganda and the interests of the Western readership This is why I laid my focus on the portrayal of Asma al Assad in the Western media comparing her depiction before and after the outbreak of the civil war in Syria I have structured this paper into two parts to demonstrate the disparity of her representation in the media in this context **Business Statistics** Sanjiv Jaggia, 2024 [Britannica Book of the Year](#), 2013

a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company's registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book
