**Book-Prices Current, Vol. 8** John Herbert Slater,2017-11-24 Excerpt from Book Prices Current Vol 8 A Record of the Prices at Which Books Have Been Sold at Auction From December 1893 to November 1894 That some material change is even now coming over the book market is evident Fashionable books in the finest condition or which for one reason or another are exceptionally desirable hold their ground as already stated but most of the others in the same category appear to be slowly but surely declining in value Collectors are possibly beginning to formulate a new rule credit able to their taste no less than to their discretion that the real value of a book does not only consist in the price paid for it for that may dwindle away in after years but also in its power to instruct and improve always remembering however that the question of scarcity can never be entirely eliminated for if it could it were better at once to have a library of reprints at a small cost than a few books at a high price This suggestion would from the collector s point of view be rank heresy an offence which it is desirable to avoid the commission of It is however equal or worse heresy against the best traditions of literature to esteem a book not on account of its merits but merely because it sells for a large amount of money This very probably represents the feeling which is gradually coming over the great mass of book collectors for it is noticeable that works of utility and real merit are being credited primarily and not secondarily with those qualities and realising higher prices than they did a year or two ago The time may even come when the ancient classic authors now sadly neglected may once more occupy their former enviable position to the still greater detriment of a mass of light literature got up in limited editions for the mere purpose of stimulating the desires of those who are not rich enough to compete for recognised and very expensive rarities About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such
