Soul Evolution Father:

Soul Evolution Father Arthur Fanning, 1997-06-01 Lord God Jehovah as channeled through Arthur Fanning reveals the course humanity must take to lead itself out of its fascination with density and the material into an expanding awareness that each human is a god with unlimited power and potential This book is an enlightening journey into higher consciousness

Creators and Friends Robert Shapiro, 1998-02-01 Humans creators in training have a purpose and destiny so heartwarmingly profoundly glorious that it is almost unbelievable from our present dimensional perspective Humans are great lightbeings from beyond this creation gaining experience in dense physicality by slowing down the creative process in order to feel the results and consequences of their decisions and actions This truth about the great human genetic experiment of the Explorer Race and the mechanics of creation is being revealed for the first time by Zoosh and his friends as humanity begins to awaken to its true nature Zoosh and a great assortment of beings who have never spoken to the physical plane before from particles to All That Is speak vibrantly through superchannel Robert Shapiro Each personality has its own knowing perception and expertise as it shares its history its present focus and the awesome truth about humanity's mission The books read like adventure stories as we follow the clues from this creation we live in out to the Council of Creators and beyond As we explore the greater reality beyond our planet our galaxy our dimension our creation we meet prototypes designers shapemakers creators creators of creators and friends of our Creator who explain their roles in this creation and their experiences before and beyond this creation As our awareness expands about the way creation works our awareness of who we are expands and we realize that a part of ourselves is in that vast creation and that we are much greater and more magnificent than even science fiction had led us to believe Join us in the adventure of discovery It's mind stretching

Origins and the Next 50 Years Robert Shapiro, 1997-01-01 The accounts given by extraterrestrials in this volume are about events that occurred in our solar system many millions of years ago In that ancient time the solar system consisted of four planets and four radiar systems that orbited the central sun The four planets of the solar system are known today as Venus Earth Mars and a now totally shattered world that was called Maldec The term radiar applies to the astronomical bodies we presently call Jupiter Saturn Uranus and Neptune The original satellites of these radiars are generally called moons by Earth astronomers but the extraterrestrials prefer to call them planetoids This book reflects the personal views of a number of different types of extraterrestrials regarding the state of the local solar system and the state of the Earth

Ascension and Romantic Relationships Joshua David Stone, Janna Shelley Parker, 2000-01-01 This book is a sequel to the first two It contributes an added dimension to my earlier information Sedona seems to reflect the best qualities or perhaps I should say combined qualities the essences and elements of the Great Pyramids Glastonbury Stonehenge Ayers Rock Mount Shasta the South American Pyramids Peru Tibet Nepal India Lourdes and many other power places around the world How can I make such a claim For the reason that I interact on a regular basis with individuals from virtually every

corner of the Earth who have spent time in those sacred and mysterious places Through these travelers I have learned that there is simply no other place like Sedona **Shining the Light IV** Robert Shapiro, Arthur Fanning, 1996-10-01 Learn to heal the planet and the planet will heal you The purpose of this book is to allow you to understand the sacred nature of your own physical body and some of the magnificent gifts it offers you When you work with your physical body in these new ways you will discover not only its sacredness but how it is compatible with Mother Earth the animals the plants and even the nearby planets all of which you now recognize as being sacred in nature It is important to feel the value of yourself physically before you can have a lasting impact on the world The less you think of yourself physically the less likely your physical impact on the world will be sustained by Mother Earth If a physical energy does not feel good about itself it will usually be resolved other physical or spiritual energies will dissolve it because it is unnatural The better you feel about your physical self when you do the work in the previous book Shamanic Secrets for Material Mastery A as well **Alfrieda** Emma E. H. Specht, 1890

Unity, 1919 **How I Healed Myself of Chronic Pain after 17 Years.** Pirkko Monds, 2022-11-01 The true story of Pirkko Monds journey to healing herself of a debilitating severe condition A story of insurmountable pain and struggle as well as hope and triumph Using surgery a ketogenic diet and ultimately a plant based diet Pirkko lost 40 kilograms Embracing the power of meditation Pirkko was able to move out of victim consciousness **Commonweal**, 1925 *Find Your Soul's Purpose* Janet Conner, 2017-01-01 This is a book about identity calling and living a life infused with meaning and purpose Janet Conner confronts the three big questions that every thoughtful person asks Who am I Why am I here What is my purpose Janet's premises are as follows each of us has a divine purpose and each of us contains a divine GPS to the soul an inner guide And she believes it is critical that each of us connect with that inner guide in order to embrace our individual spiritual gifts and discover our true purpose Finding your soul's divine purpose says Conner is not just one thing it is a whole package of things including gifts talents teachers symbols stories and even shadows wounds and woes Unwrapping that package is why we are here and is what enables us to live a life infused with meaning and joy In 7 chapters Conner leads the reader on a journey of self discovery he instructs readers to Feed your divine spark Listen to your soul's stories Honor your soul's birth choice Remember your soul's divine purpose Revisit reset and remember your past Serve your soul's divine purpose Live a life you love Conner's writing is inclusive wise generous and practical Filled with meditations anecdotes and exercises this is a book that will appeal to a wide range of spiritual seekers looking for purpose happiness and love *The Catholic Encyclopedia: Diocese-Fathers*, 1913 *The Herald of the Cross.
