Forthcoming Books Rose Arny,2003 **Revenant Savior** Dominick Cancilla,2004 Nine times since 1865 the Reaver has emerged from the mountains to demand a sacrifice of the historic small town of Coalchester and threatened a massacre if its demands were not met Now more than 40 years since its last communication the Reaver has returned but not all of Coalchester's citizens are willing to give in as easily as their parents did before them Jacket **The Essential Guide to Mummy Literature** Brian J. Frost,2007-12-28 Few historical relics have exerted such a hold on our imaginations as the mummy In 1834 Thomas J. Pettigrew's *A History of Egyptian Mummies* was the first scholarly work wholly devoted to the subject providing for its time a remarkable analysis of the different mummification techniques used by the ancient embalmers Such volumes of serious nonfiction have been supplemented over the years by additional works both scholarly

and otherwise as well as works of fiction that incorporate and expand upon mummy lore. Indeed the popular concept of the mummy as a malevolent monster dates back to the nineteenth century when stories about mummies rising from the dead to terrify the living first captured the imagination of the reading public and set the revivified corpse on the path to becoming a major horror icon. In *The Essential Guide to Mummy Literature* Brian J. Frost provides the first in-depth survey and bibliography of works of fiction featuring mummies. In this comprehensive volume Frost traces the development of the mummy story paying particular attention to works by Victorian authors and pulp fiction writers as well as stories from the American pulp magazines. The annotated bibliography provides synopses of all the key works of fiction in the mummy canon as well as others not so well known. Full publication details for each entry with plot summaries of more than 500 works of fiction and abridged descriptions of 250 nonfiction books are provided. Additionally a filmography is included along with listings of young adult novels, children's storybooks and reference works for both adults and children. Well organized and comprehensive *The Essential Guide to Mummy Literature* will appeal to devotees of the horror genre and students of popular literature as well as researchers and librarians.
