*The Art of Subtext* Charles Baxter, 2007-07-24 Fiction writer and essayist Charles Baxter discusses and illustrates the hidden subtextual overtones and undertones in fictional works haunted by the unspoken the suppressed and the secreted He explains how fiction writers create those visible and invisible details and how what is displayed evokes what is not displayed

*The Art of Subtext* Charles Baxter, 2007-07-24 Fiction writer and essayist Charles Baxter discusses and illustrates the hidden subtextual overtones and undertones in fictional works haunted by the unspoken the suppressed and the secreted He explains how fiction writers create those visible and invisible details and how what is displayed evokes what is not displayed

*The Art of Time in Fiction* Joan Silber, 2025-09-09 Fiction imagines for us a stopping point from which life can be seen as intelligible asserts Joan Silber in *The Art of Time in Fiction* The end point of a story determines its meaning and one of the main tasks a writer faces is to define the duration of a plot Silber uses wide ranging examples from F Scott Fitzgerald Chinua Achebe and Arundhati Roy among others to illustrate five key ways in which time unfolds in fiction In clear eyed prose Silber elucidates a tricky but vital aspect of the art of fiction

**The Art of Recklessness** Dean Young, 2025-09-09 In *The Art of Recklessness* Dean Young's sprawling and subversive first book of prose on poetry imagination swerves into primitivism and surrealism and finally toward empathy How can recklessness guide the poet the artist and the reader into art and how can it excite in us a sort of wild receptivity beyond craft Poetry is not a discipline Young writes It is a hunger a revolt a drive a mash note a fright a tantrum a grief a hoax a debacle an application an affect

**The Art of Daring** Carl Phillips, 2014-08-05 The award winning poet Carl Phillips's invaluable essays on poetry the tenth volume in the celebrated *Art of* series of books on the craft of writing In seven insightful essays Carl Phillips meditates on the craft of poetry its capacity for making a space for possibility and inquiry What does it mean to give shapelessness a form How can a poem explore both the natural world and the inner world Phillips demonstrates the restless qualities of the imagination by reading and examining poems by Ashbery Bogan Frost Niedecker Shakespeare and others and by considering other art forms such as photography and the blues *The Art of Daring* is a lyrical persuasive argument for the many ways that writing and living are acts of risk I think it's largely the conundrum of being human that makes us keep making Phillips writes I think it has something to do with revision how not only is the world in constant revision but each of us is as well

**The Art of Syntax** Ellen Bryant Voigt, 2025-09-09 With intelligence and precision Ellen Bryant Voigt parses out the deft and alluring shape of poetic language in *The Art of Syntax* Through brilliant readings of poems by Bishop Frost Kunitz Lawrence and others Voigt examines the signature musical scoring writers deploy to orchestrate meaning This structure this architecture is the essential drama of the poem's composition she argues *The Art of Syntax* is an indispensable book on the writer's craft by one of America's best and most influential poets and teachers

*The Art of the Poetic Line* James Longenbach, 2025-09-09 The *Art Of* series is a new line of books reinvigorating the practice of craft and criticism Each book will be a brief witty and useful exploration of fiction

nonfiction or poetry by a writer impassioned by a singular craft issue The Art Of volumes will provide a series of sustained examinations of key but sometimes neglected aspects of creative writing by some of contemporary literature s finest practioners Poetry is the sound of language organized in lines James Longenbach opens this provocative book with that essential statement Through a range of examples from Shakespeare and Milton to Ashbery and Gl ck Longenbach describes the function of line in metered rhymed syllabic and free verse poetry The Art of the Poetic Line is a vital new resource by one of America s most important critics and most engaging poets      *The Art of Mystery* Maud Casey,2018-01-02 A sensitive and nuanced exploration of a seldom discussed subject by an acclaimed novelist The fourteenth volume in the Art of series conjures an ethereal subject the idea of mystery in fiction Mystery is not often discussed apart from the genre because as Maud Casey says It s not easy to talk about something that is a whispered invitation a siren song a flickering light in the distance Casey the author of several critically acclaimed novels reaches beyond the usual tool kit of fictional elements to ask the question Where does mystery reside in a work of fiction She takes us into the Land of Un a space of uncertainty and unknowing to find out and looks at the variety of ways mystery is created through character image structure and haunted texts including the novels of Shirley Jackson Paul Yoon J M Coetzee and more Casey s wide ranging discussion encompasses spirit photography the radical nature of empathy and contradictory characters as she searches for questions rather than answers The Art of Mystery is a striking and vibrant addition to the much loved Art of series      **The Art of Time in Memoir** Sven Birkerts,2014-05-20 The Art Of series is a new line of books reinvigorating the practice of craft and criticism Each book will be a brief witty and useful exploration of fiction nonfiction or poetry by a writer impassioned by a singular craft issue The Art Of volumes will provide a series of sustained examinations of key but sometimes neglected aspects of creative writing by some of contemporary literature s finest practioners In The Art of Time in Memoir critic and memoirist Sven Birkerts examines the human impulse to write about the self By examining memoirs such as Vladimir Nabokov s Speak Memory Virginia Woolf s unfinished A Sketch of the Past and Mary Karr s The Liars Club Birkerts describes the memoirist s essential art of assembling patterns of meaning stirring to life our own sense of past and present      *The Art of Character* David Corbett,2013-01-29 Former private investigator and New York Times notable author David Corbett offers a unique and indispensable toolkit for creating characters that come vividly to life on the page and linger in memory Corbett provides an inventive inspiring and vastly entertaining blueprint to all the elements of characterization from initial inspiration to realization with special insights into the power of secrets and contradictions the embodiment of roles managing the tyranny of motive and mastering crucial techniques required for memorable dialogue and unforgettable scenes This is a how to guide for both aspiring and accomplished writers that renders all other books of its kind obsolete      *The Art of Revision* Peter Ho Davies,2021-11-02 The fifteenth volume in the Art of series takes an expansive view of revision on the page and in life In The Art of Revision The Last Word Peter Ho Davies takes up an often discussed yet frequently misunderstood subject He begins

by addressing the invisibility of revision even though it is an essential part of the writing process readers typically only see a final draft leaving the practice shrouded in mystery To combat this Davies pulls examples from his novels *The Welsh Girl* and *The Fortunes* as well as from the work of other writers including Flannery O'Connor, Carmen Machado and Raymond Carver shedding light on this slippery subject Davies also looks beyond literature to work that has been adapted or rewritten such as books made into films stories rewritten by another author and the practice of retconning in comics and film In an affecting frame story Davies recounts the story of a violent encounter in his youth which he then retells over the years culminating in a final telling at the funeral of his father In this way the book arrives at an exhilarating mode of thinking about revision that it is the writer who must change as well as the writing The result is a book that is as useful as it is moving one that asks writers to reflect upon themselves and their writing

*The Art and Craft of Fiction* Michael Kardos, 2013-02-11 Brief practical and wonderfully readable *The Art and Craft of Fiction* gives aspiring writers all they need in under 400 pages Michael Kardos focuses on technique and presents fiction writing as a teachable and learnable art With an organization built on methods and process rather than traditional literary elements Kardos helps students begin their stories write strong scenes use images and detail revise for aesthetics and mechanics and finish and polish their own stories He delivers clear instruction effective examples and assignments that build toward finished work in a tone reviewers praise as pitch perfect A brief fiction anthology at the back of the book of 15 works that Kardos draws on in his instruction provides stories that students will love to be inspired by
