## **The Battle Of Tassafaronga:**

*The Battle of Tassafaronga* Estate of R S Crenshaw,2010-09-15 The Battle of Tassafaronga November 30 1942 was the fifth and last major night surface action fought off Savo Island during World War II's Guadalcanal campaign. It ended a string of Japanese victories but it was also a horrible embarrassment to the U.S. Navy which had three heavy cruisers damaged and one sunk to enemy torpedoes. After the battle American commanders erroneously reported that multiple enemy ships had been sunk or seriously damaged leading Admiral Nimitz to focus on training as the missing ingredient. Not until more than half a century later did Captain Russell S. Crenshaw Jr. the destroyer Maury's gunnery officer during the battle discover that the outcome hinged instead on critical shortcomings that had been built into the U.S. Navy before the war: defective torpedoes, poor intelligence, blinding gunfire overconfidence and a tendency to equate volume of fire with effectiveness of fire factors that turned the battle into a crucible in which the very nature of the U.S. Navy and its weapons was tested and a miniature of what might have been under other circumstances a truly devastating defeat.

**Hirohito's War** Francis Pike, 2016-09-08 Named one of Foreign Affairs' Best Books of 2016. In his magisterial 1,208-page narrative of the Pacific War, Francis Pike's *Hirohito's War* offers an original interpretation balancing the existing Western centric view with attention to the Japanese perspective on the conflict. As well as giving a blow-by-blow account of campaigns and battles, Francis Pike offers many challenges to the standard interpretations with regards to the causes of the war, Emperor Hirohito's war guilt, the inevitability of US victory, the abilities of General MacArthur and Admiral Yamamoto, the role of China, Great Britain and Australia, military and naval technology, and the need for the fire bombing of Japan and the eventual use of the atom bomb on Hiroshima and Nagasaki. *Hirohito's War* is accompanied by additional online resources including more details on logistics, economics, POWs, submarines and kamikaze, as well as a 1930-1945 timeline and over 200 maps.

**The Campaigns of the Pacific War** United States Strategic Bombing Survey, 1946 [Down to the Sea](#) Bruce Henderson, 2009-10-13 World War II produced so many compelling stories that even students of that momentous conflict are apt to discover we've missed whole vital episodes. *Down to the Sea* about a devastating 1944 Pacific typhoon that sank three destroyers and cost 756 American sailors their lives is just such an eye-opener. New York Post From the New York Times bestselling author of *Sons and Soldiers* an epic story opening at the hour the Greatest Generation went to war on December

7 1941 and following four U S Navy ships and their crews in the Pacific until their day of reckoning three years later with a far different enemy a deadly typhoon In December 1944 while supporting General MacArthur s invasion of the Philippines Admiral William Bull Halsey neglected the Law of Storms the unofficial bible of all seamen since the days of sail placing the mighty U S Third Fleet in harm s way One of the most powerful fighting fleets ever assembled under any flag the Third Fleet sailed directly into the largest storm the U S Navy had ever encountered a maelstrom of 90 foot seas and 160 mph winds More men were lost and ships sunk and damaged than in most combat engagements in the Pacific The final toll 3 ships sunk 28 ships damaged 146 aircraft destroyed and 756 men lost at sea In all 92 survivors from the three sunken ships each carrying a crew of about 300 were rescued some after spending up to 80 hours in the water Scores more had made it off their sinking ships only to perish in the monstrous seas some from injuries and exhaustion others snatched away by circling sharks before their horrified shipmates In the farflung rescue operations Bruce Henderson finds some of the story s truest heroes exhibiting selflessness courage and even defiance One badly damaged ship whose Naval Reserve skipper disobeyed an admiral s orders to abandon the search singlehandedly saved 55 lives Drawing on extensive interviews with nearly every living survivor and rescuer many families of lost sailors transcripts and other records from two naval courts of inquiry ships logs and action reports personal letters and diaries Bruce Henderson offers the most thorough and riveting account to date of one of the greatest naval dramas of World War II      **Battle of Tassafaronga** Carl Bridenbaugh,1944      **War at Sea, 1939-1945** John Hamilton,1986

**The naval battles for Guadalcanal 1942** Mark Stille,2013-05-20 The battle for Guadalcanal that lasted from August 1942 to February 1943 was the first major American counteroffensive against the Japanese in the Pacific The battle of Savo Island on the night of 9 August 1942 saw the Japanese inflict a severe defeat on the Allied force driving them away from Guadalcanal and leaving the just landed marines in a perilously exposed position This was the start of a series of night battles that culminated in the First and Second battles of Guadalcanal fought on the nights of 13 and 15 November One further major naval action followed the battle of Tassafaronga on 30 November 1942 when the US Navy once again suffered a severe defeat but this time it was too late to alter the course of the battle as the Japanese evacuated Guadalcanal in early February 1943 This title will detail the contrasting fortunes experienced by both sides over the intense course of naval battles around the island throughout the second half of 1942 that did so much to turn the tide in the Pacific      History of United States Naval Operations in World War II.: The struggle for Guadalcanal, August 1942-February 1943 Samuel Eliot Morison,1962

Each of these 15 volumes covers a period and campaigns in the Pacific Atlantic and North African waters during World War II It was Morison s aim to show what the U S Navy accomplished in the greatest of all wars and how it was done The story in the main is one of fighting that is what the Navy is for and what its entire effort was directed toward But the author included enough space to strategic discussions planning organization and logistics to explain the end product the naval operations And when other armed services of the United States and her allies

participated he brought them in too although not in so great detail Filled with many maps a number of them larger fold outs and black and white photos of the ships personnel and operations *Saga of the LSM 107, WWII* Harry Boehler,200?

Blazing Star, Setting Sun Jeffrey Cox,2020-06-25 From popular Pacific Theatre expert Jeffrey R Cox comes this insightful new history of the critical Guadalcanal and Solomons campaign at the height of World War II Cox s previous book Morning Star Rising Sun had found the US Navy at its absolute nadir and the fate of the Enterprise the last operational US aircraft carrier at this point in the war unknown This second volume completes the history of this crucial campaign combining detailed research with a novelist s flair for the dramatic to reveal exactly how despite missteps and misfortunes the tide of war finally turned By the end of February 1944 thanks to hard fought and costly American victories in the first and second naval battles of Guadalcanal the battle of Empress Augusta Bay and the battle of Cape St George the Japanese would no longer hold the materiel or skilled manpower advantage From this point on although the war was still a long way from being won the American star was unquestionably on the ascendant slowly but surely edging Japanese imperialism towards its sunset Jeffrey Cox s analysis and attention to detail of even the smallest events are second to none But what truly sets this book apart is how he combines this microscopic attention to detail often unearthing new facts along the way with an engaging style that transports the reader to the heart of the story bringing the events on the deep blue of the Pacific vividly to life
