The Bear Guarding The Beehive:

The Bear Guarding the Beehive Stephanie C. Fox,2014-09-16 The bees are in terrible trouble They need a good lawyer one who is on their side Once upon a time there was a beautiful country called Oblivion It had everything growing in it to make its people happy and healthy raspberries almonds peaches apricots blueberries cranberries lavender thyme irises roses tulips daffodils the list seemed endless But it did end because some of the Thieves of Oblivion wanted to sell all of these wonderful things and to force Nature to produce more and more and more of them These Thieves running a corporation called BearGenics had a conflict of interest with Nature They tampered with the genetics of crop plants They never gave a thought to the fact that without honey bees none of these plants would grow The Thieves poisoned the plants and in so doing poisoned the honey bees That s what happens when you leave the bear guarding the beehive This story is a companion to The Book of Thieves which describes the Banksters of Oblivion and how they destroyed the financial security of that country
