The Bees Laline Paull:

The Bees Laline Paull, 2014-05-06 Born into the lowest class of an ancient hierarchical society Flora 717 is a sanitation worker an Untouchable whose labour is at her ancient orchard hive s command As part of the collective she is taught to accept obey and serve Altruism is the highest virtue and worship of her beloved Queen the only religion Her society is governed by the priestess class questions are forbidden and all thoughts belong to the Hive Mind But Flora is not like other bees Her curiosity is a dangerous flaw especially once she is exposed to the mysteries of the Queen s Library But her courage and strength are assets and Flora finds herself promoted up the social echelons From sanitation to feeding the newborns in the royal nursery to becoming an elite forager Flora revels in service to her hive When Flora breaks the most sacred law of all daring to challenge the Queen s fertility enemies abound from the fearsome fertility police who enforce the strict social hierarchy to the high priestesses who are jealously wed to power Her deepest instinct to serve and sacrifice is now overshadowed by an even deeper desire a fierce maternal love that will bring her into conflict with her conscience her heart and her society and lead her to commit unthinkable deeds

The Bees Laline Paull, 2015 Born into the lowest class of her society Flora 717 is a sanitation bee only fit to clean her orchard hive Living to accept obey and serve she is prepared to sacrifice everything for her beloved holy mother the Queen But Flora is not like other bees Despite her ugliness she has talents that are not typical of her kin While mutant bees are usually instantly destroyed Flora is removed from sanitation duty and is allowed to feed the newborns before becoming a forager collecting pollen on the wing She also finds her way into the Queen s inner sanctum where she discovers secrets both sublime and ominous But enemies are everywhere from the fearsome fertility police to the high priestesses who jealously guard the Hive Mind And when Flora breaks the most sacred law of all her instinct to serve is overshadowed by an even deeper desire a fierce love that will lead to the unthinkable

Indigenous Creatures, Native Knowledges, and the Arts Wendy Woodward,Susan McHugh,2017-10-17 This volume illuminates how creative representations remain sites of ongoing struggles to engage with animals in indigenous epistemologies Traditionally imagined in relation to spiritual realms and the occult animals have always been more than primitive symbols of human relations Whether as animist gods familiars conduits to ancestors totems talismans or co creators of multispecies cosmologies animals act as vital players in the lives of cultures From early days in colonial contact zones through contemporary expressions in art film and literature the volume s unique emphasis on Southern Africa and North America historical loci of the greatest ranges of species and linguistic diversity help to situate how indigenous knowledges of human animal relations are being adapted to modern conditions of life shared across species lines **The Simplicity**
