The Betrayal Of Richard III An Introduction To The Controversy:

The Betrayal of Richard III V.B. Lamb, 2015-02-02 In this classic work Peter Hammond and the late V B Lamb survey the life and times of Richard III and examine the contemporary evidence for the events of his reign tracing the origins of the traditional version of his career as a murderous tyrant and its development since his death The evident grief of the citizens of York on hearing of the death of Richard III recording in the Council Minutes that he had been piteously slain and murdered to the Grete heynesse of this citie is hardly consistent with the view of the archetypal wicked uncle who murdered his nephews the Princes in the Tower and there is an extraordinary discrepancy between this monster and the man as he is revealed by contemporary records An ideal introduction to one of the greatest mysteries of English history this new edition is revised by Peter Hammond and includes an introduction and notes **The Betrayal of Richard III** Vivien Beatrix

Lamb, 1959 **On the Trail of King Richard III** L. M. Ollie, 2012-07-10 Every age has its heroes and its villains Richard III King of England 1483 1485 was a villain a monster perhaps but that's Shakespeare's version sourced from documents which were either pro Tudor or blatantly anti York the War of the Roses The Continuation But was he so very evil Not according to a small group of enthusiastic individuals called Ricardians who seek to have the truth told The central character of this work of fiction Laura Kempe is determined to undertake her own investigation using a combination of common sense instinct and more than a touch of ESP She gets more than she bargains for however when she reaches for the ultimate prize the truth about what happened to the Princes in the Tower and unwittingly unleashes a chain of events which threaten to destroy her and her travelling companions Witty amusing and provocative this is a story overflowing with little known facts bizarre encounters and finally unremitting evil A traveler's tale Absolutely But be warned For those who seek knowledge must come prepared for often it seems that Truth is jealously guarded to the death and sometimes beyond Reputed to be the most concise and historically accurate rendering of King Richard III yet set within the confines of an intelligently written exciting and frequently amusing story line **Richard III** Amy Licence, 2014-01-15 The perfect illustrated introduction to the life

death and recent rediscovery of Richard III **Fall from Grace** Sandra Worth, **Did They Rest in Peace?** Joseph William Lewis Jr. M.D., 2018-10-18 Ashes to ashes dust to dust By what miracle can an assortment of seemingly unrelated particles come together and correctly assemble to form a human being Amazingly once aggregated these atoms molecules and compounds manage to interact reasonably coherently during our lives but seek to return to their dusty state when death occurs Of the billions of our species who have existed on earth over the millennia most have quietly and inexorably returned to ashes and dust when their term of life expired This book tracks some of the misadventures of selected corpses including burials that went awry to body snatching exhumations human relic collection and assorted desecrations Over the years it seems that a remarkable number of bodies have failed to enjoy the admonition to Rest in Peace Whether these aberrations in the burial process have disturbed the afterlife of the departed everyone is dying to discover the answer **Anne Neville** Amy
