*Beyond the Universe* Allerd Stikker,2023-10-28 Over the past millennia humanity has continuously tried to find in the universe a picture of reality This led through inventions and discoveries to an increasingly broader picture However as only measurable values were taken into account this still is only part of the whole story This essay makes a speculative attempt to visualise the ultimate reality by looking beyond the universe and to include non measurable values This approach could also be a way to repair the serious flaw that we as humanity appear to have become in the evolution process
