The Shadow of Olympus E.M. Smith,2015-02-26 Michael Edwards and his coworker lover Sophia Sandra Collins were fossil hunting in an ancient creek bank and were thrilled to find the first crustacean ever discovered on Mars They did not know that they would soon be receiving a radio call from the little outpost settlement of Trailertown that would change the course of human history A water prospecting friend there had made a puzzling discovery of an item that did not appear natural and wanted them to see it This event plus troubling events on Earth and Luna would soon tax the ingenuity of the settlers on Mars and if they did not innovate quickly their village of Lowellsville could soon become as extinct as the fossil they found Reading the Shadow of Olympus by Emmett Smith is like taking a space ship ticket to an amazing exciting and very instructive voyage toward our mysterious red neighbor and its satellites come along with us and have a good time reading it Bon voyage to all This is a high class first effort from a new author that I have no hesitation in giving 5 stars and

highly recommending that you put it on your must read list This is book 1 in Emmett M Smith s series the Lowellsville Chronicles and I for one can t wait for 2 1 moves along at a good pace and keeps an excellent storyline running through the whole novel so treat yourself and join me in becoming a new and talented sci fi author s fan *Genealogy of Some Early Families in Grant and Pleasant Districts, Preston County, West Virginia, Also the Thorpe Family of Fayette County, Pennsylvania, and the Cunningham Family of Somerset County, Pennsylvania* Edward Thorp King,2009-06 Grant and Pleasant Districts in Preston County West Virginia were formed in 1852 The early families of Grant and Pleasant Districts like their Maryland and Pennsylvania neighbors were among the first to endure the rigors of mountain life The genealogy of some of these families Christopher Connor Cunningham King Metheny Ryan Street Thorpe Walls Wheeler and Wolf those mostly of early 19th century provenance is the basis of this book *The Dotterer Family* Henry Sassaman Dotterer,1903 The Dotterer Family by Henry Sassaman Dotterer first published in 1903 is a rare manuscript the original residing in one of the great libraries of the world This book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation Restoration Editors mission is to bring long out of print manuscripts back to life Some smudges annotations or unclear text may still exist due to permanent damage to the original work We believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it *Gardner, McAnallen, Ralston and Fehrenbach Family History* Beatrice F. Mansfield,2004 Hearing friends talk about their ancestors and genealogical research prompted the author to wonder about her ancestors and started her on a journey that may never end With the help of distant cousins contacted on the Internet it was soon apparent that James Gardner of Butler County Pennsylvania was her great great great grandfather But there the trail grew cold Where was he born and who were his parents Was he part of the William and Sarah Gardner family that moved from Maryland to the wild frontier of Westmoreland County Pennsylvania either before or during the Revolutionary War Most of the descendants of James and Martha Molly McAnallen Gardner married had children and brought many other surnames to the Gardner family tree Among those surnames are Ackerman Brinkley Cameron Cann Carson Dover Duffy Fehrenbach Grossman Harriger Hoge Johnson Mansfield Marmie McAnallen Mershimer Ott Rohrer Shoaf Teal Welsh and Wimer With the help of more research and information from yet unknown cousins this family tree will continue to grow and spread its branches Perhaps we will even learn about the ancestors of James Gardner *Wisdom Has Built Her House* Silvia Schroer,2000 Silvia Schroer s stunning work on Wisdom breaks new ground with its challenge to move beyond traditional and Western ways of hearing reading and interpreting the biblical text The work calls all people to ethical responsibility for the sake of all creation Written with grace illumined by insight and meticulously researched this text is thoroughly engaging It takes into account the images of personified wisdom as they appear in both the First and Second Testaments Schroer s work offers both the scholarly community and the general public a new and bold sense of great hope in the midst of the ongoing global struggle for
