Dr. and Master Sha: Miracle Soul Healer William Gladstone, 2014-09-02 What accounts for miraculous healings unexplainable by doctors Is there a reality to spiritual healings William Gladstone initially approached Dr Zhi Gang Sha with some skepticism and disbelief William believed that there was more to life than the material world but he knew that the world has many dishonest and self-deceiving mystics So he decided to explore William having studied medical anthropology at Harvard University had met and

worked with some of the greatest spiritual leaders on the planet He was excited to explore Dr Sha and his healing practices William spent weeks with Dr Sha watching him at work talking to his students and observing his healings He interviewed him at length asking for specifics and addressing difficult questions He delved into the science behind Dr Sha s work and explored the underlying concepts beneath these miracle healings What William learned amazed him and opened his mind to possibilities he never expected Dr Zhi Gang Sha is a medical doctor trained in both Western medicine and traditional Chinese medicine as well as ancient Chinese sacred energy and spiritual healing Over the last decade he has healed hundreds of thousands of individuals with thousands documented and available for viewing on YouTube How does he do it Is it the placebo effect or something much more profound Dr and Master Sha Miracle Soul Healer documents the remarkable journey of a world renowned spiritual teacher and master healer who has not only demonstrated the ability to heal but also to teach people to heal themselves Written for skeptics as well as believers Dr and Master Sha Miracle Soul Healer explores the results and methodology of Dr Sha s unique life journey and his stated life mission to serve humanity and the Divine and create a healthier and happier world This book explores the ultimate mystery of how faith science and healing can change your life **Soul Mind Body Science System** Zhi Gang Sha,2014-11-18 What is a soul Are miracles real When the soul is healed how does the body respond Throughout history there have been countless cases of miracle healings unexplainable by modern science Dr and Master Zhi Gang Sha has personally healed thousands of patients usually in front of dozens of witnesses Hundreds of videos of these healings can be seen on YouTube But how can these healings be explained Soul Mind Body Science System is the first book to explore the scientific explanations for why soul healing miracles are genuine Written with Dr Rulin Xiu an expert on string theory and quantum physics who trained at The University of California Berkeley Dr Sha shares for the first time the scientific theories that explain why all actions on Earth are guided by the reality of the soul In Soul Mind Body Science System the complex and fascinating relationships present between matter density information soul and consciousness are thoroughly examined Written for armchair and professional scientists alike this book makes a significant contribution to the ongoing debate about the true nature of reality As the lines between science and spirit blur this investigation becomes ever more important The groundbreaking Soul Mind Body Science System is for all readers who have contemplated the fundamental scientific laws of the universe and sought answers beyond those offered by popular science and mainstream faith Spiritual Healing Swami Paramananda,1923 *Spiritual Healing* Alan W.
