Bedtime Routine Frequently Asked Questions *The Art of the Nap* Harriet Griffey, 2004 21st century living demands a
longer working day than ever before. As a consequence, the majority of the adult working population is sleep deprived to the
point where their emotional and creative life suffers. The secret to survival lies in the nap, already acknowledged by stress

and work weary; they are an end in themselves, a time out for restful contemplation and relaxation. An antidote to the stresses and
strains of daily life, Twenty minutes a day of essential me time to be used solely for the benefit of the individual. But it doesn't
come easy to the uninitiated; taking time out for the self takes practice for many. There is an art to the nap, and it needs to be
learnt. This inspiring little book looks at the art of the nap from every angle, the history of famous nappers, colours to promote rest,
learning how to nap, types of nap, and music to nap by, to name a few. The wonderfully restful words are accompanied by
contemporary photographs to inspire even the most active. *The Art of Breastfeeding* La Leche League International,
