**Problem-solving** Sidney Jay Parnes,1992    **Creative Problem Solving** Robert L. Flood,Michael C. Jackson,1991-09-06 Creative Problem Solving Total Systems Intervention Robert L Flood and Michael C Jackson Department of Management Systems and Sciences University of Hull UK In the modern world organisations are faced with innumerable and multifaceted issues which cannot be captured in the minds of a few experts and solved with the aid of some super method It would be equally wrong to revert to a trial and error approach We need to retain rigorous and formalised thinking while admitting the need for a range of problem solving methodologies The future prospects of management science will be much enhanced if a the diversity of issues confronting managers is accepted b work on developing a rich variety of problem solving methodologies is undertaken and c we continually ask the question What kind of issue can be managed with which sort of methodology This volume Creative Problem Solving Total Systems Intervention amounts to the bringing together of a huge human effort in the area of the management sciences Each particular methodology that we have presented in this book is the realisation of years of work by many people and the management and organisation theory to which we refer goes back nearly a century and has employed armies of researchers Total systems intervention stands at the top of this mountain of effort and is able to offer an overview of the management oriented disciplines which enables managers and decision makers to gain a command over how to employ them as a whole    The Creativity Toolkit H. James Harrington,Glen D. Hoffherr,Robert P. Reid,1998 In today s workplace employee creativity is not just advisable it is expected The Creativity Toolkit reveals ways to instill and develop creativity in virtually any stage and level of the business process Its easy to follow framework boosts original thinking problem solving and innovation Harrington s team explores the four unique styles of creativity the three areas that require the most creativity and much more Dynamic tools and techniques will show instant results when applied to virtually every company or organization
