where he read several of his poems with considerable success On a month long visit to Sterling in Carmel California Smith was introduced by Sterling to the poetry of Baudelaire He became Sterling s protege and Sterling helped him to publish his first volume of poems *The Star Treader and Other Poems* at the age of 19 Smith received international acclaim for the collection *The Star Treader* was received very favorably by American critics one of whom named Smith the Keats of the Pacific Smith briefly moved among the circle that included Ambrose Bierce and Jack London but his early fame soon faded away
