## **The Dark Side Of Camelot:**

**The Dark Side of Camelot** Seymour M. Hersh, 1998 With its meticulously documented and compulsively readable portrait of JFK as a man whose reckless personal behavior imperiled his presidency this monumental work of investigative journalism reveals the Kennedy White House as never before Now in paperback this watershed work promises more provocative debate of photos Copyright Libri GmbH All rights reserved **The Dark Side of Camelot** Nelson Thompson, 1976

*The Dark Side of Camelot* Seymour M. Hersh, 1998-12 Reveals a John F Kennedy we have never seen before a man insulated from the normal consequences of behavior long before he entered the White House His father Joe set the pattern Kennedys could do exactly what they wanted There was no secret that money and charm could not hide Kennedys wrote their own moral code **JFK: The Final Chapter on the Assassination of John F. Kennedy** , **The Character Factor** James P. Pfiffner, 2003-12-11 WATERGATE MONICA LEWINSKY PAINKILLERS IN THE OVAL OFFICE IRAN CONTRA READ MY LIPS **THE CHARACTER FACTOR** The American president s character matters To most Americans it matters deeply But how do we define what character means and why can t we agree In this sober probing consideration of the character factor and the presidency veteran political analyst James P Pfiffner leads us through a survey of three aspects of presidential character that have proved problematic for recent chief executives lies promise keeping and sexual probity His goal is not to tell us which presidents have been good and which bad Rather he helps us think critically and impartially about complex character issues and invites us to reach our own conclusions The Character Factor avoids both the abyss of moral relativism and the desert of political cynicism It helps us look at our presidents and our presidential candidates without illusions knowing that flawed men can still be great leaders but that some flaws deserve defeat at the polls or even the ultimate presidential sanction impeachment **Icon, Libertine, Leader** Mark White, 2024-11-14 This new biography of JFK offers a comprehensive analysis of the man the leader and the cultural icon Mark White the leading authority in Britain on JFK draws on more than 30 years of research to provide a nuanced portrait of one of the most iconic figures in American and world history John F Kennedy was a president like no other with a movie star s public image and an extraordinary private life He was no less remarkable politically with his achievements including the resolution of the 1961 Berlin crisis and the Cuban missile crisis the Nuclear Test Ban Treaty and a strong commitment to civil rights This book provides what no previous biography has an in depth analysis of not only JFK s political life particularly his record as a policymaker in the White House but also his private life his role as a cultural icon and what might have happened to a Kennedy presidency had he not been assassinated This sophisticated multi dimensional biography sheds new light on JFK s life and legacy and makes a compelling case for why he was the finest president of his generation **Eve's Seed** Robert S. McElvaine, 2001 In Eve s Seed McElvaine bridges the gap between evolutionary biology and history to create a new approach he terms biohistory **BOOK JACKET The JFK Assassination Debates** Michael L. Kurtz, 2006 William L Kurtz delivers a comprehensive thought provoking book about the

various theories surrounding the JFK assassination favoring the conspiracy theory himself U.S. Presidents and Latin American Interventions Michael Grow, 2008 Reveals how Cold War U S presidents intervened in Latin America not as the official argument stated to protect economic interests or war off perceived national security threats but rather as a way of responding to questions about strength and credibility both globally and at home **The Assassination Chronicles**, 2001

The Dark Side Kenn Davis, 1976 Take a walk down the dark side of life with Carver Bascombe turned off vet and turned on private detective and meet his girlfriend Gwen Norris the senator s daughter and bestower of the kinds of gifts most people don t know exist It was a perfect relationship until young Ralphie Hart was brutalized and murdered and Carver was pitched into the bizarre and colorful world of San Francisco s art scene where certain paintings are sketches for death and portraits of destruction Back cover *The CIA & Congress* David M. Barrett, 2005 Selected bibliography p 511 519 **John F. Kennedy and the "Thousand Days"** Manfred Berg, Andreas Etges, 2007 Although it lasted only for a Thousand Days the presidency of John F Kennedy is considered a defining moment in recent American history Despite countless attempts by historians journalists and cultural critics the Kennedy myth carefully crafted during his lifetime and eagerly nurtured after his violent death lives on The enduring notion that America might have been spared many of the traumatic events of the 1960s and 1970s if only John F Kennedy had lived poses a continuing challenge to historians to reassess his foreign and domestic policies In this volume scholars from the United States Germany and Great Britain mostly representatives of a younger generation take a fresh look at key topics such as Kennedy s policies toward Europe the Third World the civil rights struggle and poverty Contrary to his often grandiose rhetoric of vigorous leadership and new frontiers and despite his considerable skills at managing foreign and domestic crises the essays emphasize that President John F Kennedy acted largely within the consensus of Cold War liberalism **The Presidency of John F. Kennedy** James N. Giglio, 2006 The presidency of John F Kennedy continues to fascinate even as it also continues to inspire heated debates between admirers and detractors of Camelot s fallen king Now readers can gain a new appreciation of JFK in this thoroughly revised and updated edition of James Giglio s bestselling study widely acclaimed as the best and most balanced book on JFK s White House years Giglio incorporates the voluminous archival materials made available in the last fifteen years including the declassified documents on crucial foreign policy affairs and White House medical records that contradict the image of Kennedy s youth and vigor He stresses the extent to which domestic and foreign policies were interconnected at a time when the Cold War dominated national life and reveals his new appreciation for JFK s prudence in his handling of such enormous challenges as the Cuban missile crisis and the emerging war in Vietnam Giglio shows Kennedy to be the most medicated one of the most courageous and perhaps the most self absorbed of our presidents He reviews the physical ailments and heavy prescriptions that were kept out of the public eye and catalogs sexual indiscretions ranging from Marilyn Monroe and socialite Florence Pritchett to low level White House employees and even virtual strangers Surveying this field of conquest

Giglio suggests that JFK's sexual obsession could easily have affected his presidency even more during a second term. His work also amplifies coverage of key issues like civil rights, the Cuban missile crisis, and Vietnam, and reevaluates many of the questions surrounding the assassination, maintaining that even with the existence of a conspiracy, still doubtful, the case is far from closed. Like the first edition, this new edition provides a sharp and thoughtful analysis of both domestic and foreign affairs and underscores that despite his undeniably brief tenure in office, the state of the nation actually did improve on Kennedy's watch. Featuring an expanded bibliographical essay and twenty-two photos from the JFK library, *The Presidency of John F. Kennedy* remains the definitive appraisal of Camelot's kingdom.      **The CIA's Black Ops** John Jacob Nutter, 2000. A specialist in covert action argues that the U.S. has become too enamored with the CIA that black ops have become U.S. foreign policy and that the CIA has developed into a policy maker dangerous independent of the government that created it.      *The New Leader*, 1997.      *Gothic Perspectives on the American Experience* Gregory G. Peperone, 2003. From the founding of the United States to the present day, America's conception of itself as a functional democracy has been clouded by a dark suspicion of subversion, conspiracy, and failure. *Gothic Perspectives on the American Experience* explores this dark side of America's past from the era of Thomas Jefferson and Charles Brockden Brown to that of John F. Kennedy and Oliver Stone. Drawing upon insights garnered from history, literature, pulp fiction, and film, it probes as yet unresolved divisions between adherents of the authentic American dream, which is based in faith in civilized dialogue within an open political process, and an alternative conception of America based in commercialism, covert politics, and faith in the effectiveness of armed might. This book examines the tensions between democratic idealism and covert fascism in the American experience, the Gothic dilemmas those tensions have provoked, and the contributions made by some of America's preeminent authors, politicians, historians, and filmmakers toward reforming an increasingly dystopian society along the utopian lines envisioned by the Founding Fathers.      **The American Spectator**, 1998.      *Contemporary Authors New Revision Series* Scot Peacock, 2001-09. In response to the escalating need for up-to-date information on writers, the *Contemporary Authors New Revision Series* brings researchers the most recent data on the world's most popular authors. These exciting and unique author profiles are essential to your holdings because sketches are entirely revised and up-to-date and completely replace the original *Contemporary Authors* entries.
