## **The Day Of Islam The Annihilation Of America And The Western World:**

The Day of Islam Paul L. Williams, 2010-09-30 In two previous books Osama's Revenge and The Al Qaeda Connection this seasoned investigative reporter revealed the alarming potential for nuclear terrorism on U.S. soil and the sinister connections among organized crime, illegal immigrants and al Qaeda. Now he broadens his focus beyond al Qaeda to provide readers with newly uncovered information on terrorist activities in Pakistan, Iran, Iraq, other Muslim countries and our neighbor Canada. What emerges is a harrowing picture of international terrorist activities all aimed at the destruction of the United States and the collapse of the Western world. This cataclysm will usher in the Day of Islam, the dream of radical Muslims to see all of humankind fall in submission before the throne of Allah. Sure to be controversial, this shocking exposé sends a wake-up to Americans lulled into a false sense of security in the post 9/11 era.

*Reasoning with God* Khaled Abou El Fadl, 2014-10-23 In light of recent concern over Shari'ah such as proposed laws to prohibit it in the United States and conflict over the role it should play in the new Egyptian constitution, many people are confused about the meaning of Shari'ah in Islam and its role in the world today. In *Reasoning with God*, renowned Islamic scholar Khaled Abou El Fadl explains not only what Shari'ah really means but also the way it can revitalize and reengage contemporary Islam. After a prologue that provides an essential overview of Shari'ah, Abou El Fadl explores the moral trajectory of Islam in today's world. Weaving powerful personal stories with broader global examples, he shows the ways that some interpretations of Islam today have undermined its potential in peace and love. Rather than simply outlining challenges, however, the author provides constructive suggestions about how Muslims can reengage the ethical tradition of their faith through Shari'ah. As the world's second largest religion, Islam remains an important force on the global stage. *Reasoning with God* takes readers both Muslim and non-Muslim beyond superficial understandings of Shari'ah to a deeper understanding of its meaning and potential.

*The American Hiroshima* Hugh Cort, 2011-12 Did You Know Iran is Planning a Nuclear Attack on America? Iran's Supreme Leader Khamenei and President Ahmadinejad have a fanatical religious belief that they can usher in the coming of their messiah, the 12th Imam or Mahdi, by killing millions of Americans and Israelis with nuclear bombs. Ahmadinejad has said this will happen very soon and Iran has made a film about this. The Coming of the Mahdi is Upon Us. They are like suicide bombers and do not fear death or retaliation. They are going to detonate nuclear bombs in multiple American cities. Bombs that have been smuggled through the Mexican border into America and they will try to blame it on al Qaeda. Iran was assisting Osama bin Laden with his American Hiroshima plan and now Iran has taken over the plan. Iran already has nuclear bombs acquired from several sources and is soon in the next few months to also produce their own nuclear bombs at the formerly secret site at Fordo near the Holy City of Qom and also will very soon have nuclear tipped missiles. To learn more about Iran's plans for attack and how you can prevent you and your family from getting fatal radiation sickness when the bombs go off, read this book and also see our website [www.AFCPR.org](http://www.AFCPR.org).
