 rips off a local criminal and disappears former private detective Adam Park has little choice but to return from self imposed  
 exile to help track her down As he commences his investigation though it becomes clear the troubled young woman was  
 acting under the influence of a cunning and domineering boyfriend Using cutting edge technology Adam tracks the pair to  
 Paris where he learns not only are they in far more trouble than he first thought but elements back home are also seeking  
 revenge upon them Forced to pursue them from the UK to Paris then Paris to Asia he will confront an international network  
 of criminals for whom human life is nothing but another business commodity If he is to survive return the girl safely and  
 protect the people he cares for most Adam must delve into the darkest recesses of his soul and blur his previously solid  
 concepts of right and wrong AUTHOR Q A This is your third book What makes this different My debut His First His Second

 murder attempt with no memory Both were grounded in my home town of Leeds and the county of West Yorkshire and while  
 Twilight Burning does feature Leeds and the story world from the first two I have a real international mystery here Who will  
 it appeal to Anyone who liked my first two books of course but I think fans of most ongoing private detective series will enjoy  
 this so if you can t get enough of the Charlie Parker novels by John Connolly Every Dead Thing The Wolf of Winter A Song of  
 Shadows or even the Jack Reacher books by Lee Child Personal Never go Back Make Me and Myron Bolitar by Harlan Coben  
 Live Wire Drop Shot Back Spin I also love Dennis Lehane and his Kenzie and Genero series A Drink Before the War Gone  
 Baby Gone Darkness Take My Hand and Dave Robicheaux created by James Lee Burke Light of the World The Glass Rainbow  
 The Neon Rain So you ve taken a lot of inspirations from other PIs Yes but my creation Adam Park is not quite there yet He  
 isn t this expert private investigator he isn t a super human fighting machine and he isn t quite able to kill people with  
 impunity I am trying to show the evolution of a hard boiled detective so the series will see how he grows into the role of a  
 tough guy gumshoe so I have also taken inspiration from classic PIs like Raymond Chandler and his Phillip Marlowe creation  
 Jack Reacher vs Adam Park who wins To be honest Jack Reacher would likely cream Adam in a one on one fistfight At the  
 moment anyway Adam knows how to fight but he s more like the sort of guy the average Joe doesn t mess with rather than

feared internationally It s his willpower his deviousness and his commitment to his cause that sets him apart from his antagonists Is this a straightforward mystery with a fairly tough protagonist No it crosses into international crime and mystery and there s something of a pulp element to it in similar way that my novel Three Years Dead had He is a British detective under pressure from a vengeful organized crime boss and pursues a girl who may be the victim of a kidnapping to Paris then the trail leads to some very dark conspiracies Action Adventure elements Some There s hand to hand combat a bit of gunplay an extensive chase sequence set around an exotic island But it all leads to a healthy dose of vigilante justice and to something of an international conspiracy Is it the first in a series I hope so Yes Yes it is If people like it enough *Twilight Burning* A Davies, 2015-04-24 When his mentor s niece rips off a local criminal and disappears former private detective Adam Park has little choice but to return from self imposed exile to help track her down As he commences his investigation though it becomes clear the troubled young woman was acting under the influence of a cunning and domineering boyfriend Using cutting edge technology Adam tracks the pair to Paris where he learns not only are they in far more trouble than he first thought but elements back home are also seeking revenge upon them Forced to pursue them from the UK to Paris then Paris to Asia he will confront an international network of criminals for whom human life is nothing but another business commodity If he is to survive return the girl safely and protect the people he cares for most Adam must delve into the darkest recesses of his soul and blur his previously solid concepts of right and wrong
