*The Death of a Nation* Christopher Reed, 2012-07-01 Death of a Nation is a novel about the political forces dividing the United States against itself Although a work of fiction the book includes actual historical events in lead up to the story as well as real life characters effecting events in the near future Death of a Nation marries two looming events coming near the end of the calendar year the 2012 Presidential election and the December 21st Mayan Prophecy It is a story of how an incendiary turbulent trek toward the November election creates an irreparable schism within the fabric of the nation The story unites this schism with the fabled Mayan Prophecy however instead of celestial global catastrophe it is the crumbling of the United States that devastates the world The tumultuous romp toward the end days for the United States begins with a recap of racial relations throughout our history and culminates with an all out media fed battle for the White House and control of America In the end the world is left to its own devices and demise

with the absence of the last great super power      **Death of a Nation** George Grundy, 2016-06-17 America is in crisis 9 11 is the root cause Death of a Nation tells the story of how the American government shocked its people into a state of fearful obedience and exploited that power to enable a decline into overt fascism Examining the key players within America's government as well as the states that supported and sponsored the attacks Death of a Nation argues that 9 11 was falsely portrayed by the Bush administration and in fact carried out by elements within the United States government and military to further their own geopolitical and financial interests 9 11 was an event engineered and designed to allow the Bush administration to hijack America's democracy conducting huge and expensive wars in Afghanistan and Iraq and overseeing a financial boom that robbed the middle class of a generation of wealth and brought the world to its knees in 2008 Death of a Nation provides a searing indictment of the role now played by America in global affairs and warns that with a broken society and body politic the world is seeing the rise of the most overtly fascist nation since the Second World War with profoundly disturbing implications for the future of humanity Death of a Nation will change your view of the events of 9 11 and force you to question whether America now represents the greatest hope for mankind or the greatest danger      **Australia: the Making of a Nation** John Foster Fraser, 1910      History of the Christian Church, to the death of Constantine, A.D. 337 Frederick John Foakes- Jackson, 1891
