The Devil That Never Dies The Rise And Threat Of Global Antisemitism:

The Devil That Never Dies Daniel Jonah Goldhagen,2014-07-01 The author describes an unprecedented and global rise in anti-Semitism being fueled by technology and spread by politicians religious leaders and intellectuals on every continent

Death to the Infidels Mitchell G. Bard,2014-09-23 Now that the Arab Israeli conflict is fueled by Muslim hatred of the Jews what started as a political dispute has transformed into an out and out religious war *Antisemitism Before and Since the Holocaust* Anthony McElligott,Jeffrey Herf,2017-04-03 Divided into five discrete sections this book examines the issue of Holocaust denial and in some cases Holocaust inversion in North America Europe and the Middle East and its relationship to the history of antisemitism before and since the Holocaust It thus offers both a historical and contemporary perspective This volume includes observations by leading scholars delivering powerful even controversial essays by scholars who are reporting from the frontline It offers a discussion on the relationship between Christianity and Islam as well as the historical and contemporary issues of antisemitism in the USA Europe and the Middle East This book explores how all of these issues contribute consciously or otherwise to contemporary antisemitism The chapters of this volume do not necessarily provide a unity of argument nor should they Instead they expose the plurality of positions within the academy and reflect the robust discussions that occur on the subject Unity and Diversity in Contemporary Antisemitism Jonathan G. Campbell,Lesley D. Klaff,2019-12-10 This book springs from the Bristol Sheffield Hallam Colloquium on Contemporary Antisemitism at the University of Bristol in September 2015 International experts in Religious Studies Law Politics Sociology Psychology and History came together to examine the complexities of contemporary antisemitism Recent attacks on Jews in European cities have increased awareness of antisemitism and as this collection shows such attacks cannot be separated from wider geopolitical and ideological factors One distinct feature of antisemitism today is its demonization of the State of Israel Older ideas also feature Jews being blamed for all the world's ills thought to possess almost supernatural levels of power and wealth and conspiring to harm the non Jewish other These and other ideas forming the background to antisemitism in Europe and North America are unpacked in this book with a view to understanding and thereby combating contemporary antisemitism A key concern is how unifying features might be isolated amid the diverse manifestations of this oldest of hatreds

Mordecai Would Not Bow Down Timothy P. Jackson,2021-05-14 In Mordecai Would Not Bow Down Timothy P Jackson argues that the central reasons for the Holocaust were ideological Nazism's belief in survival of the fittest directly conflicted with Judaic moral monotheism and this conflict drove the compulsion to annihilate the Jewish people Identifying these ideological causes provides important context for the continual resurgence of anti-Semitic violence *On Christian Nationalism* David M. Gides,Joan Braune,2025-11-26 Since the January 6 2021 coup attempt at the U.S. Capitol Christian nationalism has widely been called the greatest threat to democracy in the United States Yet academics and activists present many conflicting definitions and solutions *On Christian Nationalism Critical and Theological Perspectives* features an array of

scholarly essays on Christian nationalism offering innovative exploration of topics including definitions and historical context current trends in the United States including intersections with racism sexism antisemitism and Islamophobia comparative phenomena abroad and practical ways to address the problem theologically or politically An important book at a time of rising Christian far right mobilization and urgent need for a deeper theoretical analysis On Christian Nationalism pushes the conversation further and explores new vantage points The book will be of interest to those seeking a fuller richer and more complex understanding of Christian nationalism scholars of religious and political movements activists pastors journalists and others with a concerned focus in the area

Anti-Zionism on Campus Doron S. Ben-Atar, Andrew Pessin, 2018-03-30

Many scholars have endured the struggle against rising anti Israel sentiments on college and university campuses worldwide This volume of personal essays documents and analyzes the deleterious impact of the Boycott Divestment and Sanctions BDS movement on the most cherished Western institutions These essays illustrate how anti Israelism corrodes the academy and its treasured ideals of free speech civility respectful discourse and open research Nearly every chapter attests to the blurred distinction between anti Israelism and antisemitism as well as to hostile learning climates where many Jewish students staff and faculty feel increasingly unwelcome and unsafe Anti Zionism on Campus provides a testament to the specific ways anti Israelism manifests on campuses and considers how this chilling and disturbing trend can be combatted

Never Again?

Abraham H. Foxman, 2003 Identifies a current rise in anti Semitic activities throughout the world tracing the history of antisemitism as well as the author's efforts with international diplomats and Jewish leaders to develop strategies to combat global anti Jewish activities

New Antisemitism Michael Laitman, 2022-09-11 From the bestselling author of The Jewish Choice and A Very Narrow Bridge a penetrating and provocative analysis of the rise and threat of the hate that never dies focusing on an end game solution that is both ancient and cutting edge Why does antisemitism endure and transcend national borders cultures and epochs regardless of how Jews behave or strive to combat it Whether religious or secular living in Israel or abroad living quietly or innovating the world's great technologies and companies regardless of what Jews do antisemitism keeps rearing its head most virulently in times of global crisis as the world is in today Solutions like improving how Jews are portrayed in the media policy changes rallies and monitoring antisemitic events have all run parallel to the recent meteoric rise in the very hatred they aim to curb What if the solution lay elsewhere entirely hiding in plain sight for over two thousand years A dazzling kaleidoscopic interplay of history science and ancient wisdom New Antisemitism

Mutation of a Long Lived Hatred is must reading for anyone who seeks to understand the indefatigable nature of this social virus and its long overlooked practically free solution that lives in the heart of every Jew

Never Again?

Abraham Foxman, 2003-10-21 The ongoing war on terror instability in the Middle East and a faltering world economy are capturing headlines everywhere But through it all runs a disturbing current of which many people are only dimly aware Anti Semitism which had been on the decline worldwide since the end of World War II has over the past few years made a perilous return

How could the twenty first century the new millennium launched with such optimism just a few short years ago have so quickly been marred by the emergence of age old hatreds now armed with the powers of global terrorism As national director of the Anti Defamation League Abraham H Foxman fights against the menace of intolerance every day As a result of the disturbing events of the last few years he is convinced that we currently face as great a threat to the safety and security of the Jewish people as we faced in the 1930s Foxman writes Within living memory we ve seen what can happen when a nation or a continent experiences an unrestrained outbreak of anti Semitism The Jews of the world and all people of goodwill who share their desire for a just and free society learned a series of critical lessons from the tragic history of the twentieth century Today we understand how important it is to recognize the emergence of new forms of anti Semitism so that we can warn the world and stave off the worst effects Anti Semitism remains a pernicious form of ethnic and religious intolerance with consequences for all of humankind In communities from the United States to the Middle East Europe to South Africa and Latin America Jews are being persecuted in old and new ways Exploring the history of anti Semitism and providing the first comprehensive examination of the new rampant anti Jewish sentiment worldwide Never Again offers a crucial discussion of the steps that must be taken to prevent this century from witnessing a replay of the horrors of the last The Satanizing of the Jews Joel Carmichael, 1992 The literature about anti Semitism is vast However much of what has been written about it takes the existence of this phenomenon for granted giving us a history of anti Semitism without explaining what it really is Carmichael s treatise is different It is not primarily a history of atrocities it goes to the roots thus clearing the confusion about the distinction between mystical anti Semitism and other forms of racism Mystical anti Semitism is a singular idea which culminated in the Holocaust and is still alive today Carmichael contends that it has nothing to do with a personal hatred of the Jews He argues that the view of anti Semitism as being directed against real life Jews has in fact helped objectify the irrational hatred that is at its core Anti Semitism received its mystical element when the Church Fathers transformed historical theory into theology St Paul believed in the imminence of the Kingdom of God which would be the end of history and reverse the injustice done to the Jews To him God s reentering history was delayed only until the God forces in this world had finally defeated the Devil forces Yet the world did not end and in the wake of Rome s crushing victory over Judea in the Roman Jewish War the idea of the Kingdom of God was postponed indefinitely Instead the Universal Church took over God s place in the world and the Devil s role was assigned to those who rejected Jesus and have since been blamed for his death the Jews The rise of Christianity established anti Semitism politically it finally gained a broad popular basis during the Crusades eventually leading to international prosecutions Ghettos were established as a consequence of the Reformation Carmichael describes the waning of theology s influence during the 18th century which only caused the concepts of Jew and Jewish to become abstract and ultimately being equated with Pure Evil the development of the concept of race in the 19th century which turned anti Semitism from a theological notion into a biological one as exemplified most radically and horribly

by Hitler and Communism's contribution to the perseverance of anti-Semitism. In an epilogue Carmichael distinguishes mystical anti-Semitism from the Arab opposition to the State of Israel and examines what the future has in store for the Jews.
