at Lincoln's Inn and was called to the bar in 1851 although he never practiced. It was in 1848 a year after the death of his father that he published his first book *The Memoirs of the Life of William Collins Esq R A* to good reviews. The 1860s saw Collins' creative high point and it was during this decade that he achieved fame and critical acclaim with his four major novels *The Woman in White* 1860, *No Name* 1862, *Armadale* 1866 and *The Moonstone* 1868. *The Moonstone* meanwhile is seen by many as the first true detective novel. T S Eliot called it the first the longest and the best of modern English detective novels in a genre invented by Collins and not by Poe. Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable high quality modern editions.
