The Church Frederick J. Cwiekowski, 2018-04-23 The historical context in which theological understandings have developed play an important role in our understanding of the modern church In this book Sulpician priest and scholar Frederick J Cwiekowski traces the theology of the church beginning with the community of disciples during Jesus ministry and the New Testament era He continues through the various periods of history highlighting events from both the East and West including the remarkable developments surrounding the Second Vatican Council the post conciliar period and today's pontificate of Pope Francis With this book intended for general readers and students of theology Cwiekowski hopes to promote an appreciation of the mystery that is the church *Serving the Body of Christ* Irwin, Kevin W., 2021 A careful collection summary and commentary of the church's official teaching on the Eucharist and ordained priesthood from Trent through Pope Benedict XVI with avenues for theological exploration based on it Updated with analyses of documents from

Pope Francis **Gold Tested in Fire** Ronald D. Witherup, 2012 The recent Year for Priests focused considerable attention on the priesthood resulting in many books articles retreats conferences and symposia In *Gold Tested in Fire* Ronald D Witherup SS makes an important new contribution Intersecting scriptural and theological context with lived pastoral insight Witherup explores both classic and contemporary understandings of the priesthood offers insights into the four pillars suggested for priestly formation and looks at the charism of priests and the need for ongoing formation across a life span Having engaged in priestly formation in seminaries for a number of years Witherup moves beyond overly idealized or pietistic approaches to the presbyteral life to offer key insights on the challenges and rewards inherent in contemporary priestly ministry Underlying his approach is the firm conviction that the present testing in the priesthood is a profound summons to a new Pentecost inopportunity for the priesthood to be cleansed and remade and ultimately stronger *Understanding the Religious Priesthood* Christian, OSB Raab, Brian E., SJ Daley, 2020-10-14 Most contemporary theologies of Holy Orders consider priesthood mainly in its diocesan context and most contemporary theologies of religious life do not consider how ordained ministry functions when it is internal rather than external to religious life *Understanding the Religious Priesthood* provides a history and theology of religious priesthood that contributes to our understanding of this vocation s identity and mission It uncovers what religious priesthood shares with diocesan priesthood and non ordained religious life and what makes it different from both those other vocations Christian Raab begins by tracing the history of religious priesthood from its origins in the early Church to the eve of the Second Vatican Council He demonstrates that religious priests often faced questions about how to reconcile their two callings but that they also provided answers in their theologies and spiritualities of priesthood and religious life Meanwhile they made key contributions to the Church s life and mission Raab then investigates the teachings of the Second Vatican Council on priesthood and religious life Observing that the Council presented priesthood according to a diocesan typology and presented religious life without sacerdotal associations he argues that the lack of imagery of religious priesthood contributed to a post conciliar vocational identity crisis among religious priests He then seeks to remedy this lacuna by appealing to the biblical images for religious priesthood Hans Urs von Balthasar offered in his theology of vocations Raab argues that Balthasar s imagery is a promising way forward for understanding the identity and mission of religious priesthood In a final part Raab provides a substantial theological articulation of religious priesthood which illuminates its liturgical signification ecclesial mediation and mission and ministerial identity Here he draws not only from Balthasar but also from Pope John Paul II Yves Congar Jean Marie Tillard Brian Daley and Guy Mansini to construct his profile *A Charge Delivered to the Clergy of the Diocese of Winchester ... 1899* Randall Thomas Davidson, 1899 *The Irish Ecclesiastical Record* , 1916 *Pastoral Presence and the Diocesan Priest* Paul T.
