## **The Dragon Prince Stories And Legends From Vietnam:**

**The Dragon Prince** Thich Nhat Hanh, 2003-08-09 The Dragon Prince is a collection of 15 stories and legends from Vietnam retold by Zen master poet and peace activist Thich Nhat Hanh. As in many of his teachings, Nhat Hanh emphasizes themes of cooperation and reconciliation while providing a rich introduction to the mythical elements of Vietnamese culture. The stories range from creation myths to tales of wars and food and custom myths, all aiming at the notion of mindfulness of becoming aware of what is happening in the moment. Imaginary characters weave through the lives of actual persons and events, blending fiction and non-fiction, magic and fantasy into the profound realization of the interconnectedness of all beings. The tales highlight the importance of true seeing and focus on transcendence rather than anguish. Above all, The Dragon Prince simply contains well-told stories with clear and lyrical writing, once again giving testament to Thich Nhat Hanh's immense skill as a writer. This book is a must for every collection. From the afterword by translator Mobi Warren: The heroes and heroines of these stories celebrate closeness to the Earth, the importance of assuming personal responsibility for one's conduct, and the possibility of resolving conflict through understanding rather than violence. B. W. Illustrations throughout.

Children of the Dragon Sherry Garland, 2001 An illustrated collection of Vietnamese folktales with explanatory notes following each story. **Children and Global Conflict** Kim Huynh, Bina D'Costa, Katrina Lee-Koo, 2015-04-09 Examines how children, armed conflict, and the international community interact in the twenty-first century. **Happy Teachers Change the World** Thich Nhat Hanh, Katherine Weare, 2017-06-06 Thich Nhat Hanh shares teacher-friendly guidance on bringing secular mindfulness into your classroom, complete with step-by-step techniques, exercises, and insights from other educators. Discover practical and re-energizing guidance on caring for yourself and your students. The Plum Village approach to mindfulness in schools stresses that educators must first establish their own mindfulness practice as a basis for their work in the classroom. These easy-to-follow step-by-step techniques are designed by teachers to help their colleagues cultivate this important foundation and better support their students. You'll find basic mindfulness practices taught by Thich Nhat Hanh, guidance from educators using these practices in their classrooms, ample in-class interpretations, activities, tips, and instructions, inspirational stories from teachers, administrators, and counselors, with motivational anecdotes from colleagues, and tried-and-true mindfulness exercises from Thich Nhat Hanh and the Plum Village community. This loving and supportive guide is an invaluable tool for educators to calm, focus, and reenergize their classrooms. *Reading and Responding* Denise Ryan, 2014-01-01 Introduce students to literary texts to help them become active and enthusiastic readers. From alphabet books to poetry, chapter books to read-alouds, this teacher-friendly resource is a must-have. *Textual Transformations in Children's Literature* Benjamin Lefebvre, 2013 This book offers new critical approaches for the study of adaptations, abridgments, translations, parodies, and mash-ups that occur internationally in contemporary children's culture. It follows recent shifts in adaptation studies that call for a move beyond fidelity criticism, a paradigm that measures the success of an

adaptation by the level of fidelity to the original text toward a methodology that considers the adaptation to be always already in conversation with the adapted text This book visits children s literature and culture in order to consider the generic pedagogical and ideological underpinnings that drive both the process and the product Focusing on novels as well as folktales films graphic novels and anime the authors consider the challenges inherent in transforming the work of authors such as William Shakespeare Charles Perrault L M Montgomery Laura Ingalls Wilder and A A Milne into new forms that are palatable for later audiences particularly when for perceived ideological or political reasons the textual transformation is not only unavoidable but entirely necessary Contributors consider the challenges inherent in transforming stories and characters from one type of text to another across genres languages and time offering a range of new models that will inform future scholarship
