*The Pillar Function of the Speeches of Wisdom*

Bálint Károly Zabán,2012-10-01 This work examines the relationship of the speeches of Wisdom to one another and with the

rest of Proverbs 1 9 This rapport between the speeches is expounded in the close reading chapters and is also scrutinized

from the perspective of their genre definition In turn it is suggested that the affinities between the speeches and parental

instructions of Proverbs 1 9 point towards viewing the speeches as a component genre called instruction by Wisdom within

the framing genre parental wisdom instruction Furthermore it is proposed that the path house and treasure imageries

function as cohesive and unifying elements in the structure of Proverbs 1 9 All these features offer the conclusion that the

speeches in relation to each other and the rest of the material exhibit the emphatic signs of a successful literary composition even if stages of redaction are accepted in their editing Therefore they function as framing pillars in the structure of Proverbs 1-9 In terms of their overall focus and message the speeches reflect careful and meaningful designing notably considering the tripartite formula of temptation enticement and desirability
