However, they had no idea the extent their actions would have on their lives. James and Charlotte must find their way home in one piece. Magical things happen in these parts. Some for the good and some for the evil.

**The God Beyond Organized Religion** Laurene Beth Bowers, 2016-01-05 Following the death of her best friend since high school, a religion professor re-examines her own personal beliefs about god. She realizes she doesn't want to be consoled by a transactional god who exchanges right belief and good behavior for services upon request. She explores the concept of a transformative god, one not aligned with any particular religion, who equips people to adapt to challenges and to spiritually grow from crises and traumas. Out of our experiences, something positive can emerge which helps us to be more empathetic toward the suffering of others. Her story demonstrates how grief can be an opportunity to ponder the great mysteries of life and make meaning of our existence. She describes this process as a journey up the side of a mountain to explore how a concept of god both reflects and impacts the way a society approaches its contemporary social problems such as global warming, poverty, and inequality. In doing so, she encounters a god beyond organized religion.
