The Culling Of Man:

Rise of the New World Order ,2013 So what is the New World Order you might be wondering The New World Order is the transitional phase between sovereign nations and a one world government run by the Luciferian global elite under Lucifer and his human representative the Antichrist This is exactly what is prophesized in the Bible this is exactly the end goal of the New World Order and this is exactly what is unfolding before us today They are very close to achieving their objective You probably don t understand yet how bad this will be for us but by the end of this book you will have learned all of the most important moving parts of it and how they interlock to form a pyramidal compartmentalized conspiracy run by a very few Luciferian families and to the ultimate benefit of only a few thousand of the people involved with bringing the one world government in They have all jockeyed or are jockeying for position in it right now to live under it and benefit from it in the times to come If what they were trying to do was for the good of humanity they would be doing it out in the open instead of behind closed doors under the veil of secrecy Only evil acts are done in the dark away from concerned eyes The story of the Great Plan coming to fruition is such that one cannot explain it to the layman to the point of him or her understanding it without a fully rehearsed 24 hour speech It is such a vast interconnected web of deceit that the only way to explain it is to lay out all aspects of it showing how the dots all connect So this is what you now have at your disposal from me My written speech in book form that will take you about 24 hours straight to read The reason it takes so long to explain it is the same reason why someone could be called a conspiracy nut by piping off about only one element of it Without knowing all of the elements and the facts behind them you can t even begin to visualize the real conspiracy and it s easy to pass off people ranting about the Federal Reserve or the United Nations as lunacy and then go back to the personal non reality bubble most people these days reside in Time has been on the side of the 6 000 year old Great Plan and they have moved their agenda along slowly and covertly enough so as not to arouse suspicion from the population at large That s not to say that people haven t been trying to call this conspiracy out for millennia Even the warnings of God s prophets and Jesus Christ Himself throughout the entire Bible have for the most part fallen on deaf ears Again you now have a book available of as dire of a warning as I was able to manifest and hopefully you understand this warning at this point Only independent type thinkers have been able to step outside of the proverbial box over the years and view what is happening without blinders The result of those thinkers has been a crescendo of books lectures and video presentations trying to warn the world of what is going on along with an even greater crescendo of denial and mud slinging from the Establishment owned Mainstream Media shouting them down and labeling the truth as conspiracy theory This has successfully discredited the truth movement to a point where it has been for the most part an effort in vain much to the detriment of humanity I m working on the sequel to this book right now due out Summer of 2015 Please support my efforts by purchasing a copy of my book I m self published and need your help God bless all Jeff
