interdisciplinary frame this collection assembles the cutting edge research of renowned and emerging scholars in literature and the visual arts with a foreword by Miles Orvell The volume represents the first of its kind an intervention in current interdisciplinary approaches to the intersections of the written word and the visual image that moves beyond standard theoretical approaches to consider the written and visual artwork in embodied cognitive and experiential terms Tracing a strong lineage of pragmatism romanticism surrealism and dada in American intermedial works through the nineteenth century to the present day the editors and authors of this volume chart a new and vital methodology for the study and appreciation of the correspondences between visual and verbal practices *Modernism and Fascism* R. Griffin, 2007-05-22 Intellectual debates surrounding modernity modernism and fascism continue to be active and hotly contested In this ambitious book renowned expert on fascism Roger Griffin analyzes Western modernity and the regimes of Mussolini and Hitler and offers a pioneering new interpretation of the links between these apparently contradictory phenomena The Political Aesthetics of ISIS and Italian Futurism Thorsten Botz-Bornstein, 2018-12-17 Through empirical analysis and theoretical reflection this book shows that the aesthetics and politics of the Islamic State is futurist ISIS overcomes postmodern pessimism and joins the modern techno oriented and optimistic attitude propagated by Italian Futurism in the early twentieth century The Islamic State does not only excel through the extensive use of high tech weapons social media commercial bot and automated text systems By putting forward the presence of speeding cars and tanks mobile phones and computers ISIS presents jihad life as connected to modern urban culture Futurism praised violence as a means of leaving behind imitations of the past in order to project itself most efficiently into the future A profound sense of crisis produces in both Futurism and jihadism a nihilistic attitude toward the present state of society that will be overcome through an exaltation of technology Futurists were opposed to parliamentary democracy and sympathized with nationalism and colonialism ISIS jihadism suggests a similarly curious combination of modernism and conservative values The most obvious modern characteristic of this new image of fundamentalism is the highly aestheticized recruiting material **Angelika Hoerle** Angelika Hoerle, Dorothy Rowe, Sabine Kriebel, 2009 Angelika Hoerle 1899 ndash 1923 and her artist husband Heinrich Hoerle were key figures in the Dada movement in Cologne and she created an outstanding body of work ndash now almost entirely housed at the AGO ndash from 1919 until her untimely death in 1923 This catalogue explores how her art fits into the artistic and political movements in Weimar Germany English text **Art in America** Frank Jewett Mather, Frederic Fairchild Sherman, 2006 *Der Sturm der Bilder* Uwe Fleckner, Maike Steinkamp, Hendrik Ziegler, 2014-06-04 Das Interesse am Thema Bildersturm hat sich in den letzten Jahrzehnten ma geblich verschoben Zunehmend setzt sich die Erkenntnis durch dass es sich bei ikonoklastischen Handlungen nicht allein um destruktive bildausl schende Praktiken handeln kann Vielmehr wird der produktive oder sch pferische Charakter dieser zerst rerischen Rezeption von Werken der Bildenden Kunst bis in die j ngste Gegenwart hinein erkannt und immer genauer erfasst von der damnatio memoriae also der Ausl schung des
