## **The Dark We Are Not Alone:**

*We Are Not Alone* Karen S. Dolan, 2010-03 Have you ever heard a voice telling you something and you know that it did not come from you Some people call it premonition intuition or is it something else Are we surrounded by unseen forces Forces that communicate with us constantly but we are too busy to hear them *We Are Not Alone A Journey of Self Discovery* are the real life stories of people who have experienced these unseen forces in their lives The story begins with Kaydee a traveler through time who encounters many situations supernaturally prepared for her from outside of the time dimension Other travelers through time and their encounters are woven into the fabric of the artwork that is dynamically being painted by the Creator Himself Scientists are discovering that we live in a multi dimensional world We only perceive 4 dimensions width length depth or height and time Like a straight line trying to understand the dimensionality of a square we can't always understand the dimensions outside of the four we live in or can we Is it possible to perceive what it is like outside of time Could these be the spiritual dimensions that the Bible talks about Could this be what God is talking about when He says Those who have ears will hear and those who have eyes will see *They Are Not Alone* Leo Cauzillo, 2019-01-31 Dr A Pal Chi is a mathematician sworn by oath to reveal none of his findings His labs at the university are the only facilities still in operation on his doomed planet He is working on a complex formula that will change the world if he can figure it out One of his theories removes zero from the number line and allows to equal 3 His c2 equation allows travel at light speed So his team builds a grand new ship capable of carrying two thousand people on an eight and a half year trip to the stars Back on his home world a race was on with the cities of the east They have their own light speed program and have the same destination planet in mind As Dr Chi embarks on his journey and transforms from mathematician to explorer he leads the charge as history mythology and religion are examined in new ways through archeology space travel ritual and legend As he his team and his crew search for evidence of ancient civilizations on new worlds they determine that they are not alone in this vast universe full of surprises In this science fiction tale a mathematician turned explorer travels on light speed adventures in space where mythology springs to life and his destiny awaits **Healing the Wounded Heart** Thom Gardner, 2011-07-28 *Healing the Wounded Heart* exposes negative emotions such as fear rejection worthlessness shame insecurity defilement and hopelessness that prevent us from living in the grace and peace God intends for us Uncover the lies embedded in emotional wounds and discover peace and truth in the presence of the Living Christ *From Genesis to Revelation God Takes a Bride* Susan A. Cyre, 2019-06-02 This book examines the whole of Scripture as the unfolding marriage covenant between God and his people The book demonstrates that God's marriage to his people is the central theme of the Bible Eighteenth century Reformed pastor Jonathan Edwards captured that perspective when he observed The creation of the world seems to have been especially for this end that the eternal Son of God might obtain a spouse to whom he might pour forth all that immense fountain of love and grace that was in his heart and that in this way God might be glorified This book traces the divine

marriage from God's promises to Abraham to the betrothal covenant that includes the Ten Commandments to Israel's breaking of the covenant as described by the prophets to the new covenant in Christ and finally to the consummation of the divine marriage covenant in Revelation at the wedding of the Lamb. God instituted the marriage of a man and a woman in Genesis 2 to be an image of God's divine marriage with his people. Therefore, it is not a coincidence that both the Gospel and marriage are under attack in our culture. Human marriage cannot be rightly understood apart from the Gospel, and the Gospel cannot be fully understood apart from marriage. This book enables Christians, whether single or married, to appreciate in a much fuller way the depth and nature of God's love for his bride. Seeing how the divine marriage defines and shapes human marriage also presents a clearer understanding of the spiritual importance of human marriage, inspiring Christians to pursue marriages that more faithfully reflect God's design. This book proclaims Scripture's message of God's unrelenting irrevocable love for his bride and invites the church to respond.

**Finding Our Way Home** Myke Johnson, 2016-11-25. In this time of ecological crisis, all that is holy calls us into a more intimate partnership with the diverse and beautiful beings of this earth. In *Finding Our Way Home*, Myke Johnson reflects on her personal journey into such a partnership and offers a guide for others to begin this path. Lyrically expressed, it weaves together lessons from a chamomile flower, a small bird, a copper beech tree, a garden slug, and a forest fern along with insights from Indigenous philosophy, environmental science, fractal geometry, childhood Catholic mysticism, the prophet Elijah, fairy tales, and permaculture design. This eco-spiritual journey also wrestles
