The Day I Wore My Panties Inside Out Jen Tucker, 2011-06-29 Some days are better than others Have you ever had one of those days when you just felt like you couldn't catch a break Author Jen Tucker shares one of hers with you with humor and a little bit of sass

The Egg & I Betty MacDonald, 2016-11-01 Astoundingly light hearted The MacDonalds had an abounding humor that bounced them over the direst crises New York Times When Betty MacDonald married a marine and moved to a small chicken farm on the Olympic Peninsula in Washington State she was largely unprepared for the rigors of life in the wild With no running water no electricity a house in need of constant repair and days that ran from four in the morning to nine at night the MacDonalds had barely a moment to put their feet up and relax And then came the children Yet through every trial and pitfall through chaos and catastrophe this indomitable family somehow mercifully never lost its sense of humor A beloved literary treasure for more than half a century Betty MacDonald's *The Egg and I* is a heartwarming and uproarious account of adventure and survival on an American frontier A work of real comic genius A wonderful funny warm honest book and to use a much overused word a classic Michael Korda author of *Country Matters* Anyone who has ever struggled with a farm or even with a small garden will especially enjoy this breezy autobiography So prightly diverting and excellent entertainment The whole book crackles with the innocent devilry of acorns hitting the roof tops Saturday Review of Literature

I Want Candy Kim Wong Keltner, 2009-10-13 Fourteen year old Candace Ong is wasting away in wonderland Eggroll Wonderland the restaurant where her under Americanized family toils in San Francisco She loves rock candy and rock music jelly beans and jelly shoes and hangs with her best friend Ruby whose wild life she envies Candace wants more than another stifling summer stuck in the kitchen So when a new opportunity arises she leaps at the chance even though it means leaving home to experience a tantalizing dangerous life far beyond the dim sum ho hum But the waiting world may be a lot more than one brainiac Chinese Lolita can safely handle

Those Winter Sundays Kathleen A. Welsch, 2005 This collection of memoirs examines the relationship between daughters with academic degrees and their working class parents Each contributor explores the influence that higher education has had on her relationship with her parents as well as their influence on her academic work In writing that is akin to archeological

work each writer sifts through layers of experience and draws on the lessons and language of home to consider what working class parents provide beyond food and shelter for their academically inclined child and what personal cost is exacted of parent and child in the process Their stories provoke anyone who has gone to college woman or man to consider the influence of their parents on their academic career The themes in the collection fall into five broad categories the value and power of bringing the lessons and language of working class parents into the academy the psychology of class learned from a parent the ambivalence of love and pain associated with a parent's sacrifice and the process of becoming an academic the balancing act of straddling the worlds of academia and home and definitions of work that either complement or conflict with those learned from parents The memoirs acknowledge in retrospect how each writer's understanding of her parent's shapes her views on education and work
