*Disappearances* Gemma Malley,2013-03-28 Riveting brilliantly imagined and passionate THE DISAPPEARANCES the compelling sequel to THE KILLABLES will appeal to everyone who loved the powerful and gripping storytelling of THE HUNGER GAMES They walked in silence onto the raised path that led to the East Gate The closer they got the louder the buzzing was As they approached the gate it was almost unbearable There was a stench in the air that made it hard to breathe a stench that made the hair on the back of Lucas neck stand up on end Whatever had brought the flies here wasn't good It's been a year since Evie and Raffy escaped the controlling regime of the City leaving Lucas behind to rebuild the ruins of the place they once called home And Lucas knew that once he said goodbye Evie would be lost to him forever But the City soon finds itself plagued by another terrifying threat the Disappearances teenagers who have gone missing from within the City walls apparently vanishing into thin air With the City at stake Lucas has no choice but to call on his old friends even if seeing them together is more than he can bear    The System (The Killables Book Three) Gemma Malley,2013-12-05 To survive you need people watching you following your every move That's the only currency now being interesting being liked And of course you have to update every fifteen minutes It means everyone knows where you are what you're doing it means that

there are no secrets Everybody watches everyone else nothing is hidden And for those who fail to update every fifteen minutes the consequences are deadly Evie and Raffy may have escaped the City but they still fear for their lives Now the only person who can help them is Frankie a total stranger the most popular girl in the world watched every second by millions of people But Frankie has other ideas And all the time Lucas is waiting desperately for word from Evie word that she is coming back to him The conclusion to Gemma Malley's terrifyingly dark vision of our near future will leave you gasping for air

Book Review Digest ,2008    *The Times Index* ,2007 Indexes the Times and its supplements    *The Wall Street Journal* ,2007    *Waste Relations in Young Adult Literature* Camrie Pipper,2014 This thesis investigates the representations of waste relations in young adult literature using Suzanne Collins's The Hunger Games Trilogy Aldous Huxley's Brave New World Gemma Malley's The Declaration and Catherine Sinclair's Uncle David's Nonsensical Story about Giants and Fairies It discusses the consequences that evolve from contemporary notions of waste relations the ways we define waste and what boundaries we place to keep from being labeled waste In particular I argue that a close analysis of these young adult literature novels reveals a distinct relation between the characters and waste a relation that revolves around dirt and ultimately skews perceptions of individual characters
