## **The Democratization Of American Christianity:**

*The Democratization of American Christianity* Nathan O. Hatch, Professor Nathan O Hatch, 1989-01-01 In this prize winning book Nathan O Hatch offers a provocative reassessment of religion and culture in the early days of the American republic arguing that during this period American Christianity was democratized and common people became powerful actors on the religious scene Hatch examines five distinct traditions or mass movements that emerged early in the nineteenth century the Christian movement Methodism the Baptist movement the black churches and the Mormons showing how all offered compelling visions of individual potential and collective aspiration to the unschooled and unsophisticated Publisher description

**The Democratization of American Christianity** Nathan O. Hatch, 1991-01-23 A provocative reassessment of religion and culture in the early days of the American republic The so called Second Great Awakening was the shaping epoch of American Protestantism and this book is the most important study of it ever published James Turner Journal of Interdisciplinary History Winner of the John Hope Franklin Publication Prize the Society for Historians of the Early American Republic book prize and the Albert C Outler Prize In this provocative reassessment of religion and culture in the early days of the American republic Nathan O Hatch argues that during this period American Christianity was democratized and common people became powerful actors on the religious scene Hatch examines five distinct traditions or mass movements that emerged early in the nineteenth century the Christian movement Methodism the Baptist movement the black churches and the Mormons showing how all offered compelling visions of individual potential and collective aspiration to the unschooled and unsophisticated

**Dobson and Democratization** Brett Ralph Klassen, 2010 **Lectures on Religion and the Founding of the American Republic** John Woodland Welch, Stephen J. Fleming, 2003 **Cinéma Divinité** Eric S. Christianson, Peter Francis, William Telford, 2005 Cinema Divinite sets out various critical approaches to the study of film and theology such as formalism expressionism realism textual analysis contextual analysis post modern eclecticism narrative criticism and cultural studies It examines the major concepts in film studies such as cinema spectatorship the nature and application of film theory to theology and includes a discussion of the extensive literature which has been published recently on the film and religion The book also examines case studies of specific films filmmakers and genres from film noir to animation and the western The final part looks specifically at religion within film with a concluding discussion of the recently released *The Passion of the Christ*

**The Frontier Spirit in American Christianity** Peter George Mode, 1923 **Elvis Culture** Erika Doss, 1999 Doss fine arts and American studies U of Colorado Boulder examines the image of Elvis from a number of perspectives including as a religious icon honored in household shrines as a sexual fantasy for women and men as an inspiration for impersonators as a not altogether positive emblem of whiteness for many blacks and as a commodity to be protected by Elvis Presley Enterprises Bandw illustrations Annotation copyrighted by Book News Inc Portland OR [The Making of the American Republic, 1763-1815](#) Paul A. Gilje, 2006 Appropriate for studying the Revolution while holding the

early republic as its focal point *The Making of the American Republic* includes detailed portraits of Franklin Washington and Jefferson as well as ample discussion of blacks women and Native Americans Jacket     **The American Deists** Kerry S. Walters,1992 Challenging carved in stone tenets of Christianity deism began sprouting in colonial America in the early 18th century was flourishing nicely by the American revolution and to all intents and purposes was dead by 1811 Despite its hasty demise deism left a theological legacy Christian sensibility would never be quite the same again     **Tocqueville's Civil Religion** Sanford Kessler,1994-07-01 Sanford Kessler offers a provocative and timely analysis of Alexis de Tocqueville s views on the relationship between Christianity and American democracy These views are central to Tocqueville s discussions of the moral requirements of freedom and the tasks of democratic statesmanship Tocqueville s thinking about American religion is highly relevant to contemporary debates regarding America s origins the current strength of American Christianity and the proper role of religion in American public life Kessler skillfully demonstrates how Tocqueville incorporates his ideas into an analysis of the American character a factor in American politics that he considered more important than the Constitution This book will challenge the thinking of all Americans concerned with religious political issues and with the prospects for freedom     **Transatlantic Radicals and the Early American Republic** Michael Durey,1997 In the transatlantic world of the late eighteenth century easterly winds blew radical thought to America Thomas Paine had already arrived on these shores in 1774 and made his mark as a radical pamphleteer during the Revolution In his wake followed more than 200 other radical exiles English Dissenters Whigs and Painites Scottish lads o parts and Irish patriots who became influential newspaper writers and editors and helped change the nature of political discourse in a young nation Michael Durey has written the first full scale analysis of these radicals evaluating the long term influence their ideas have had on American political thought *Transatlantic Radicals* uncovers the roots of their radicalism in the Old World and tells the story of how these men came to be exiled how they emigrated and how they participated in the politics of their adopted country Nearly all of these radicals looked to Paine as their spiritual leader and to Thomas Jefferson as their political champion They held egalitarian anti federalist values and promoted an extreme form of participatory democracy that found a niche in the radical wing of Jefferson s Republican Party Their divided views on slavery however reveal that democratic republicanism was unable to cope with the realities of that institution As political activists during the 1790s they proved crucial to Jefferson s 1800 presidential victory then after his views moderated and their influence waned many repatriated others drifted into anonymity and a few managed to find success in the New World Although many of these men are known to us through other histories their influence as a group has never before been so closely examined Durey persuasively demonstrates that the intellectual ferment in Britain did indeed have tremendous influence on American politics His account of that influence sheds considerable light on transatlantic political history and differences in religious political and economic freedoms Skillfully balancing a large cast of characters *Transatlantic Radicals* depicts the diversity of their experiences and shows how crucial

these reluctant migrants were to shaping our republic in its formative years

**The Two Majorities and the Puzzle of Modern American Politics** Byron E. Shafer, 2003 Where did the Era of Divided Government come from What sustains split partisan control of the institutions of American national government year after year Why can it shift so easily from Democratic or Republican presidencies coupled with Republican or Democratic Congresses How can the vast array of issues and personalities that have surfaced in American politics over the last forty years fit so neatly within indeed reinforce the sustaining political pattern of our time These big questions constitute the puzzle of modern American politics The old answer a majority and a minority party plus dominant and recessive public issues will not work in the Era of Divided Government Byron Shafer a political scientist who is regarded as one of the most comprehensive and original thinkers on American politics provides a convincing new answer that has three major elements These elements in combination not divided government as a catch phrase are the real story of politics in our time The first element is comprised of two great sets of public preferences that manifest themselves at the ballot box as two majorities The old cluster of economic and welfare issues has not so much been displaced as simply joined by a second cluster of cultural and national concerns The second element can be seen in the behavior of political parties and party activists whose own preferences don't match those of the general public That public remains reliably left of the active Republican Party on economic and welfare issues and reliably right of the active Democratic Party on cultural and national concerns The third crucial element is found in an institutional arrangement the distinctively American matrix of governmental institutions which converts those first two elements into a framework for policymaking year in and year out In the first half of the book Shafer examines how dominant features of the Reagan first Bush Clinton and second Bush administrations reflect the interplay of these three elements Recent policy conflicts and institutional combatants in Shafer's analysis illuminate this new pattern of American politics In the second half he ranges across time and nations to put these modern elements and their composite pattern into a much larger historical and institutional framework In this light modern American politics appears not so much as new and different but as a distinctive recombination of familiar elements of a political style a political process and a political conflict that has been running for a much much longer time

*Antebellum Conversations on the Topic of Slavery* Sarah Noyes Seene, 2008 *The Hill* Horace Annesley Vachell, 1913

*The Learning of Liberty* Lorraine Smith Pangle, Thomas L. Pangle, 1993 This very important book is original sweeping and wise about the relation between education and liberal democracy in the United States The Pangles reconsider superior ideas from the founding period in a way that illuminates any serious thinking on American education whether policy oriented or historical American Political Science Review An important and thoughtful book stimulating for citizens as well as scholars Journal of American History

*The Encyclopedia of the Stone-Campbell Movement* Douglas A. Foster, 2004 Over ten years in the making The Encyclopedia of the Stone Campbell Movement offers for the first time a sweeping historical and theological treatment of this complex vibrant global communion Written by more

than 300 contributors this major reference work contains over 700 original articles covering all of the significant individuals events places and theological tenets that have shaped the Movement Much more than simply a historical dictionary this volume also constitutes an interpretive work reflecting historical consensus among Stone Campbell scholars even as it attempts to present a fair representative picture of the rich heritage that is the Stone Campbell Movement **BOOK JACKET**

**Towards Liturgies that Reconcile** Scott Haldeman, 2016-12-05 Towards Liturgies that Reconcile reflects upon Christian worship as it is shaped and mis shaped by human prejudice specifically by racism African Americans and European Americans have lived together for 400 years on the continent of North America but they have done so as slave and master outsider and insider oppressed and oppressor Scott Haldeman traces the development of Protestant worship among whites and blacks showing that the following exist in tension African American and European American Protestant liturgical traditions are both interdependent and distinct and that multicultural communities must both understand and celebrate the uniqueness of various member groups while also accepting the risk and possibility of praying themselves into an integrated body one new culture

**Secular Steeples 2nd Edition** Conrad Ostwalt, 2012-11-29 The Scandinavian Nordic countries of Denmark Norway Sweden and Finland experienced the effects of the German invasion in April 1940 in very different ways Collaboration resistance and co belligerency were only some of the short term consequences Each country s historiography has undergone enormous changes in the seventy years since the invasion and this collection by leading historians examines the immediate effects of Hitler s aggression as well as the long term legacies for each country s self image and national identity The Scandinavian countries war experience fundamentally changed how each nation functioned in the post war world by altering political structures the dynamics of their societies the inter relationships between the countries and the popular view of the wartime political and social responses to totalitarian threats Hitler was no respecter of the rights of the Scandinavian nations but he and his associates dealt surprisingly differently with each of them In the post war period this has caused problems of interpretation for political and cultural historians alike Drawing on the latest research this volume will be a welcome addition to the comparative histories of Scandinavia and the Second World War

**The Encyclopedia of Christianity** Erwin Fahlbusch, Geoffrey William Bromiley, 1999 The Encyclopedia of Christianity is the first of a five volume English translation of the third revised edition of Evangelisches Kirchenlexikon Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries Social and cultural coverage is given to such issues as racism genocide and armaments while historical content shows the development of biblical and apostolic traditions Outstanding reference sources 2000 American Libraries May 2000 Comp by the Reference Sources Committee RUSA ALA

**Tennessee Historical Quarterly** , 1991

## Reviewing **The Democratization Of American Christianity**: Unlocking the Spellbinding Force of Linguistics
