One of our great visionaries Dr Wayne W Dyer A rare blend of scientist visionary and scholar Deepak Chopra A scholar and New York Times bestselling author shares his shocking theory of an ancient language found in the decoded elements of our DNA that shines new light on the mysteries of existence What would it mean to discover an ancient language a literal message hidden within the DNA of life itself What we once believed of our past is about to change A coded message has been found within the molecules of life deep within the DNA in each cell of our bodies Through a remarkable discovery linking Biblical alphabets to our genetic code the language of life may now be read as the ancient letters of a timeless message Regardless of race religion heritage or lifestyle the message is the same in each cell of every woman child and man past and present Sharing all new fascinating research Gregg Braden discusses the life changing discovery that led him from a successful career in the aerospace and defense industries to an extensive 12 year study of the most sacred and honored traditions of humankind **Secrets of the Lost Mode of Prayer** Gregg Braden, 2010-08 There are beautiful and wild forces

within us With these words the mystic St Francis described what ancient traditions believed was the most powerful force in the universe the power of prayer For more than 20 years Gregg Braden has searched for evidence of a forgotten form of prayer that was lost in the West following the biblical edits of the early Christian Church In the 1990 s he found and documented this form of prayer still being used in the remote monasteries of central Tibet He also found it practiced in sacred rites throughout the high deserts of the American Southwest In this book Braden describes this ancient form of prayer that has no words or outward expressions Then for the first time in print he leads us on a journey exploring what our most intimate experiences tell us about our deepest beliefs Through case histories and personal accounts Braden explores the wisdom of these timeless secrets and the power that awaits each of us just beyond our deepest hurt

### **The Isaiah Effect**

Gregg Braden,2009-02-04 Seventeen hundred years ago key elements of our ancient heritage were lost relegated to the esoteric traditions of mystery schools and sacred orders Among the most empowering of the forgotten elements are references to a science with the power to bring everlasting healing to our bodies and initiate an unprecedented era of peace and cooperation between governments and nations In his groundbreaking new book The Isaiah Effect Gregg Braden turns to the Isaiah Scroll perhaps the most important of the Dead Sea Scrolls discovered in 1946 to offer insight into a powerful form of ancient prayer In The Isaiah Effect Braden author of Awakening to Zero Point and Walking Between the Worlds combines research in quantum physics with the works of the prophet Isaiah and the ancient Essenes He demonstrates how prophecies of global catastrophe and suffering may only represent future possibilities rather than forecast impending doom and that we have the power to influence those possibilities In addition to describing multiple futures the Isaiah texts take us one step further clearly describing the science of how we choose our futures Tracing key words of Isaiah s text back to their original language we discover how he taught a mode of prayer that was lost to the West during Biblical editing in the fourth century Braden offers detailed accounts of how elements of this mode of prayer have been applied in a variety of situations ranging from healing life threatening conditions to entire villages using collective prayer to prevail during the 1998 fires in southern Peru In each instance the correlation between the offering of the prayer and a shift of the events in question was beyond coincidence the prayers had measurable effects As modern science continues to validate a relationship between our outer and inner worlds it becomes more likely that a forgotten bridge links the world of our prayers with that of our experience Each time we engage ourselves our loved ones and our communities with Isaiah s life affirming message of hope we secure nothing less than our future and the future of the only home we know

### **The Wisdom Codes**

Gregg Braden,2020-04-07 The cutting edge of neurolinguistics meets the spiritual wisdom of the ages in a handbook of key words that literally rewire our brains New discoveries in biology and the neurosciences are revealing how the structure of language the words we think and speak can actually change the way the neurons in our brains and hearts connect But our ancestors understood this connection intuitively thousands of years ago They created specific word patterns to provide comfort healing strength and

inner power in difficult times and they encoded these powerful words in prayers chants mantras hymns and sacred writings to preserve them for future generations Now beloved teacher and thought leader Gregg Braden cracks the code and puts these powerful words in your hands Perfect as a pocket guide a reference for spiritual study or a gift to someone you love this elegant compact book contains Wisdom Codes that cut to the core of life s greatest tests most challenging demands and hardest lessons You ll find chapters devoted to healing from loss and grief facing your unspoken fears finding certainty in the face of uncertain choices and finding forgiveness as well as ancient parables that offer a fast track to unraveling life s deepest mysteries Each Wisdom Code distilled from a quote a scripture passage or a parable is accompanied by a brief discussion of what the code means why it s important and how to apply it in your life [Secrets of the Lost Mode of Prayer](#) Gregg Braden,2016-07-26 Could our deepest hurts reveal the key to a powerful form of prayer that was lost 17 centuries ago What can we learn today from the great secret of our most cherished traditions There are beautiful and wild forces within us With these words the mystic St Francis described what ancient traditions believed was the most powerful force in the universe the power of prayer For more than 20 years Gregg Braden has searched for evidence of a forgotten form of prayer that was lost to the West following the biblical edits of the early Christian Church In the 1990s he found and documented this form of prayer still being used in the remote monasteries of central Tibet He also found it practiced in sacred rites throughout the high deserts of the American Southwest In this book Braden describes this ancient form of prayer that has no words or outward expressions Then for the first time in print he leads us on a journey exploring what our most intimate experiences tell us about our deepest beliefs Through case histories and personal accounts Braden explores the wisdom of these timeless secrets and the power that awaits each of us just beyond our deepest hurt
