The Dyslexic Adult Interventions And Outcomes An Evidence Based Approach:

The Dyslexic Adult David McLoughlin, Carol Leather, 2013-02-14 A definitive and evidence based guide for psychologists teachers coaches HR personnel and all professionals who must understand and work with dyslexic adults The only book to look at dyslexia within the context of life span developmental psychology including the factors that contribute to success now fully revised and updated Combines an accessible style with a strong focus on evidence based practice and a sound theoretical model on which to base assessment counselling teaching and training Provides a clear guide to the kinds of assessment that can be conducted and the ways in which dyslexic adults can be supported in selection training education and employment Includes coverage of overlapping syndromes such as dyspraxia and dyscalculia and up to date check lists for syndromes that can be used as part of the assessment process *The Adult Dyslexic* David McLoughlin, Carol

Leather, Patricia Stringer, 2002 In order to become successful adults with dyslexia need to be able to take control of their lives This book aims to promote greater understanding of the nature of dyslexia as it is manifested in the adult years and to describe the skills professionals need if they are to empower dyslexic people through the process of assessment counselling teaching and training Contents Developmental dyslexia aetiology characteristics in adulthood Identification risk factors interviewing screening assessment Counselling issues theoretical approaches basic skills advanced skills Personal development social skills communication skills confidence self esteem Teaching reading spelling writing numeracy Tutoring learning skills reading strategies writing techniques examination and test taking note taking metacognition Training career development strategy acquisition complementary skills self assertion Advocacy in education in the work place support groups

Succeeding and Adult Dyslexia Carol Leather, John Everatt, 2024-02-01 There is a need to demonstrate the potential that dyslexic adults have to achieve success despite the difficulties often associated with dyslexia A focus on adults with dyslexia is pertinent given that individual life experiences have the potential to make dyslexia in adulthood more variable in manifestation than in childhood This book offers a comprehensive discussion of the relationship between dyslexia and success based on current understanding derived from theory and practice including the challenges of dyslexia in work related contexts and a range of potential solutions It presents a framework to conceptualise adult dyslexia and these individual difficulties and provides a basis for success Personal stories of adult dyslexics who have faced work related challenges are included alongside a set of strategy based solutions for dealing with and responding to such challenges This is an essential resource for dyslexic adults themselves plus coaches HR departments and managers in organisations and training institutions Routledge International Handbook of Nurse Education Sue Dyson, Margaret McAllister, 2019-11-26 While vast numbers of nurses across the globe contribute in all areas of healthcare delivery from primary care to acute and long term care in community settings there are significant differences in how they are educated as well as the precise nature of their practice This comprehensive handbook provides a research informed and international perspective on the critical

issues in contemporary nurse education As an applied discipline nursing is implemented differently depending on the social political and cultural climate in any given context These factors impact on education as much as on practice and are reflected in debates around the value of accredited programmes and on the job training apprenticeship undergraduate and postgraduate pathways into nursing Engaging with these debates amongst others the authors collected here discuss how through careful design and delivery of nursing curricula nurses can be prepared to understand complex care processes complex healthcare technologies complex patient needs and responses to therapeutic interventions and complex organizations The book discusses historical perspectives on how nurses should be educated contemporary issues facing educators teaching and learning strategies the politics of nurse education education for advanced nursing practice global approaches and educating for the future Bringing together leading authorities from across the world to reflect on past present and future approaches to nurse education and nursing pedagogy this handbook provides a cutting edge overview for all educators researchers and policy makers concerned with nurse education

Dyslexia Jonathan Glazzard, Samuel Stones, 2021-06-16 This book includes a variety of perspectives on dyslexia from different contexts Chapters provide examples of empirical research the outcomes of which have the potential to improve the experiences of individuals with dyslexia The book emphasises the importance of adopting a capability rather than a deficit approach

Self-fulfilment with Dyslexia Margaret Malpas, 2017-02-21 Margaret Malpas and other high achievers such as Anna Devin and Lord Addington explain their ten step recipe to matching dyslexia with success Learn how to foster your creativity passion verbal influencing skills and more making the most of your own traits and skills to unlock your full potential

Dyslexia in Higher Education Amanda T. Abbott-Jones, 2021-11-04 Learn about dyslexia s association with anxiety and coping from the viewpoint of dyslexic students backed up by evidence and research
