The Cultural Politics Of The New American Studies:

The Cultural Politics of the New American Studies John Carlos Rowe, 2012 In *The Cultural Politics of the New American Studies* leading American Studies scholar John Carlos Rowe responds to two urgent questions for intellectuals First how did neoliberal ideology use the issues of feminism gay rights multiculturalism transnationalism and globalization class mobility religious freedom and freedom of speech and cultural expression to justify a new American Exceptionalism designed to support U S economic political military and cultural expansion around the world in the past two decades Second if neoliberalism has employed successfully various cultural media then what are the best means of criticizing its main claims and fundamental purposes Is it possible under these circumstances to imagine a counter culture which might effectively challenge neoliberalism or is such an alternative already controlled and contained by such labels as political correctness the far left radicalism extremism even terrorism which in the popular imagination refer to political and social minorities doomed thereby to marginalization Rowe argues that the tradition of cultural criticism advocated by influential public intellectuals like Edward Said can be adapted to the new circumstances demanded by the hegemony of neoliberalism and its successful command of new media Yet rather than simply honoring such important predecessors as Said we need to reconceive the role of the public intellectual as more than just an interdisciplinary scholar but also as a social critic able to negotiate the different media Publisher's description

A Critical History of the New American Studies, 1970-1990 Günter H. Lenz, 2016-12-06 Starting in 2005 Gunter H Lenz began preparing a book length exploration of the transformation of the field of American Studies in the crucial years between 1970 and 1990 As a commentator on contributor to and participant in the intellectual and institutional changes in his field Lenz was well situated to offer a comprehensive and balanced interpretation of that seminal era Building on essays he wrote while these changes were ongoing he shows how the revolution in theory the emergence of postmodern socioeconomic conditions the increasing globalization of everyday life and postcolonial responses to continuing and new forms of colonial domination had transformed American Studies as a discipline focused on the distinctive qualities of the United States to a field encompassing the many different Americas in the Western Hemisphere as well as how this complex region influenced and was interpreted by the rest of the world In tracking the shift of American Studies from its exceptionalist bias to its unmanageable global responsibilities Lenz shows the crucial roles played by the 1930s Left in the U S the Frankfurt School in Germany and elsewhere between 1930 and 1960 Continental post structuralism neo Marxism and post colonialism Lenz's friends and colleagues now his editors present here his final backward glance at a critical period in American Studies and the birth of the Transnational

Telling America's Story to the World Harilaos Stecopoulos, Harry Stecopoulos, 2023 Telling America's Story to the World is the first study to demonstrate the important role that US cultural diplomacy played in the making of postwar US literature It does so by discussing how the work of Ralph Ellison Robert Frost William Faulkner Langston Hughes and Maxine Hong Kingston was used to demonstrate American cultural identity *The New North American Studies* Winfried Siemerling, 2005 Winner of the English Book Award Grand Prix du Livre 2006 de la Ville de Sherbrooke In this original and groundbreaking study Winfried Siemerling examines the complexities of identity and recognition in the meaning of American

The Cultural Return Susan Hegeman, 2012-01-09 This insightful book tracks the concept of culture across a range of scholarly disciplines and much of the twentieth and early twenty first centuries years that saw the emergence of new fields and subfields cultural studies the new cultural history literary new historicism as well as ethnic and minority studies and came to be called the cultural turn Since the 1990s however the idea of culture has fallen out of scholarly favor Susan Hegeman engages with a diversity of disciplines including anthropology literary studies sociology philosophy psychology and political science to historicize the rise and fall of the cultural turn and to propose ways that culture may still be a vital concept in the global present Randolph Bourne and the Politics of Cultural Radicalism Leslie J. Vaughan, 1997 Reassesses the short life and career of American essayist critic and founder of cultural radicalism Bourne 1886 1918 known today mostly for his opposition to US military involvement in Europe and warnings about the military industrial complex Vaughan political science U of Minnesota Duluth argues that his stance from outside establishment perspectives was not a retreat from politics as many have claimed but a form of political engagement free from the suppositions that impede genuine debate and democratic change Annotation copyrighted by Book News Inc Portland OR *The Cultural Turn in U. S. History* James W. Cook, Lawrence B. Glickman, Michael O'Malley, 2012-06-12 A definitive account of one of the most dominant trends in recent historical writing The Cultural Turn in U S History takes stock of the field at the same time as it showcases exemplars of its practice The first of this volume's three distinct sections offers a comprehensive genealogy of American cultural history tracing its multifaceted origins defining debates and intersections with adjacent fields The second section comprises previously unpublished essays by a distinguished roster of contributors who illuminate the discipline's rich potential by plumbing topics that range from nineteenth century anxieties about greenback dollars to confidence games in 1920s Harlem from Shirley Temple's career to the story of a Chicano community in San Diego that created a public park under a local freeway Featuring an equally wide ranging selection of pieces that meditate on the future of the field the final section

explores such subjects as the different strains of cultural history its relationships with arenas from mass entertainment to public policy and the ways it has been shaped by catastrophe Taken together these essays represent a watershed moment in the life of a discipline harnessing its vitality to offer a glimpse of the shape it will take in years to come **Critical Theory, Cultural Politics, and Latin American Narrative** Steven M. Bell, Albert Le May, Leonard Orr, 1993 This volume is a collection of eight of the papers presented at The First Biennial Conference of The Latin American Consortium entitled Narrative Practices and Cultural Discourse held in 1990 at the University of Notre Dame Taking a specific Latin American focus the essays test an eclectic array of works in Latin American narrative literature against concepts and issues in poststructuralist critical theory The contributors cross many regional cultural and disciplinary boundaries Their essays encompass such timely issues as the possible correlations among poststructuralism postindustrialism postmodernism postcolonialism and the Latin American literary postboom as well as how Latin American writing has both responded to and participated in these socio cultural developments One commonality exists among all the essays none of them treat works of Latin American narrative literature independent of the historical critical and theoretical discourses that have built up around them By initiating a more direct dialogue among critical theorists Latin American writers and intellectuals and scholars of Latin American culture and society this stimulating collection strive to promote a more accurate assessment and realistic articulation of the significance of Latin American literature and of the cultural impact its narratives have on local national and international levels Contributors John Beverley Fernando Coronil Roberto Gonzalez Echevarria Ricardo Guti rrez Mouat Fredric Jameson Amy Kaminsky Mary Louise Pratt Luisa Valenzuela **The Cultural Politics of Emotion** Sara Ahmed, 2004 In *The Cultural Politics of the Emotions* Sara Ahmed develops a new methodology for reading the emotionality of texts She offers analyses of the role of emotions in debates on international terrorism asylum and migration and reconciliation and reparation and reflects on the role of emotions in feminist and queer politics Of interest to readers in gender studies and cultural studies the psychology and sociology of emotions and phenomenology and psychoanalysis *The Cultural Politics of the Emotions* offers new ways of thinking about our inner and our outer lives Publisher description

Australasian Journal of American Studies , 1991 **Working the Navajo Way** Colleen M. O'Neill, 2005 O'Neill

chronicles a history of Navajo labor that illuminates how cultural practices and values influenced what it meant to work for wages or to produce commodities for the marketplace Through accounts of Navajo coal miners weavers and those who left the reservation in search of wage work she explores the tension between making a living the Navajo way and working elsewhere BOOK JACKET

Theater and Cultural Politics for a New World Chinua Thelwell, 2016-10-14 Theater and Cultural Politics for a New World presents a radical re examination of the ways in which demographic shifts will impact theater and performance culture in the twenty first century Editor Chinua Thelwell brings together the revealing insights of artists scholars and organizers to produce a unique intersectional conversation about the transformative potential of theater Opening with a case study of the New WORLD Theater and moving on to a fascinating range of essays the book looks at five main themes Changing demographics Future aesthetics Making institutional space Critical multiculturalism Polyculturalism

The Supreme Court in American Politics Howard Gillman, Cornell W. Clayton, 1999 For decades political scientists studying the Court have adopted behavioral approaches and focused on the relatively narrow question of how the justices policy preferences influence their voting behavior This emphasis has illuminated important aspects of Supreme Court politics but it has also left unaddressed many other important questions about this unique and fascinating institution Drawing on the new institutionalism in the social sciences the distinguished contributors to this volume attempt to fill this gap by exploring a variety of topics including the Court s institutional development and its relationship to broader political contexts such as party regimes electoral systems social movements social change legal precedents political identities and historically evolving economic structures The book s initial chapters examine the nature of the Court s distinctive norms as well as the development of its institutional powers and practice A second section relates the development of Supreme Court politics to the historical development of other political institutions and social movements Concluding chapters explore how its decision making in particular areas of law or periods of time is influenced by and influences its socio political milieu These contributions offer provocative insights regarding the Court s role in maintaining or disrupting political and economic structures as well as social structures and identities tied to ideology class race gender and sexual orientation The Supreme Court in American Politics shows how we can develop an enriched understanding of this institution and open up exciting new areas of research by placing it in the broader context of politics in the United States

Politics in the Andes Jo-Marie Burt, Philip Mauceri, 2004 The Andean region is perhaps the most violent and politically unstable in the Western Hemisphere Politics in the Andes is the first comprehensive volume to assess the persistent political challenges facing Bolivia Colombia Ecuador Peru and Venezuela Arguing that Andean states and societies have been shaped by common historical forces the contributors comparative approach reveals how different countries have responded variously to the challenges and opportunities presented by those forces Individual chapters are structured around themes of ethnic regional and gender diversity violence and drug trafficking and political change and democracy Politics in the Andes offers a

contemporary view of a region in crisis providing the necessary context to link the often sensational news from the area to broader historical political economic and social trends
