The Cultural Turn In Late Ancient Studies Gender Asceticism And Historiography:

The Cultural Turn in Late Ancient Studies Philip Rousseau,2005-04-28 Collection of essays that focuses on questions of gender and culture in early Christianity **Children and Asceticism in Late Antiquity** Ville Vuolanto,2016-03-03 In Late Antiquity the emergence of Christian asceticism challenged the traditional Greco Roman views and practices of family life The resulting discussions on the right way to live a good Christian life provide us with a variety of information on both ideological statements and living experiences of late Roman childhood This is the first book to scrutinise the interplay between family children and asceticism in the rise of Christianity Drawing on texts of Christian authors of the late fourth and early fifth centuries the volume approaches the study of family dynamics and childhood from both ideological and social historical perspectives It examines the place of children in the family in Christian ideology and explores how families in the late Roman world adapted these ideals in practice Offering fresh viewpoints to current scholarship Ville Vuolanto demonstrates that there were many continuities in Roman ways of thinking about children and despite the rise of Christianity the old traditions remained deeply embedded in the culture Moreover the discussions about family and children are shown to have been intimately linked to worries about the continuity of family lineage and of the self and to the changing understanding of what constituted a meaningful life **The Cultural Turn in Late Ancient Studies** Dale B.

Martin,Patricia Cox Miller,2005-04-28 DIVCollection of essays that focuses on questions of gender and culture in early Christianity div **A Cultural History of Race in Antiquity** Denise Eileen McCoskey,2023-06-01 The era generally referred to as antiquity lasted for thousands of years and was characterized by a diverse range of peoples and cultural systems This volume explores some of the specific ways race was defined and mobilized by different groups including the Greeks Romans Egyptians Persians and Ethiopians as they came into contact with one another during this period Key to this inquiry is the examination of institutions such as religion and politics and forms of knowledge such as science that circumscribed the formation of ancient racial identities and helped determine their meanings and consequences Drawing on a range of ancient evidence literature historical writing documentary evidence and ancient art and archaeology this volume highlights both the complexity of ancient racial ideas and the often violent and asymmetrical power structures embedded in ancient racial representations and practices like war and the enslavement of other persons The study of race in antiquity has long been clouded by modern assumptions so this volume also seeks to outline a better method for apprehending race on its own terms in the ancient world including its relationship to other forms of identity such as ethnicity and gender while also seeking to identify and debunk some of the racist methods and biases that have been promulgated by classical historians themselves over the last few centuries **The Wiley Blackwell Companion to Patristics** Ken Parry,2015-09-08 This comprehensive volume brings together a team of distinguished scholars to create a wide ranging introduction to patristic authors and their contributions to not only theology and spirituality but to philosophy ecclesiology linguistics hagiography

liturgics homiletics iconology and other fields Challenges accepted definitions of patristics and the patristic period in particular questioning the Western framework in which the field has traditionally been constructed Includes the work of authors who wrote in languages other than Latin and Greek including those within the Coptic Armenian Syriac and Arabic Christian traditions Examines the reception history of prominent as well as lesser known figures debating the role of each and exploring why many have undergone periods of revived interest Offers synthetic accounts of a number of topics central to patristic studies including scripture scholasticism and the Reformation Demonstrates the continuing role of these writings in enriching and inspiring our understanding of Christianity [Jewish, Christian, and Classical Exegetical Traditions in Jerome's Translation of the Book of Exodus](#) Matthew A. Kraus, 2017-04-03 In Jewish Christian and Classical Exegetical Traditions in Jerome's Translation of the Book of Exodus Translation Technique and the Vulgate Matthew Kraus offers a layered understanding of Jerome's translation of biblical narrative poetry and law from Hebrew to Latin Usually seen as a tool for textual criticism when read as a work of literature the Vulgate reflects a Late Antique conception of Hebrew grammar critical use of Greek biblical traditions rabbinic influence Christian interpretation and Classical style and motifs Instead of typically treating the text of the Vulgate and Jerome himself separately Matthew Kraus uncovers Late Antiquity in the many facets of the translator at work grammarian biblical exegete Septuagint scholar Christian intellectual rabbinic correspondent and devotee of Classical literature [Melania](#) Catherine M. Chin, Caroline T. Schroeder, 2016-10-31 Melania the Elder and her granddaughter Melania the Younger were major figures in early Christian history using their wealth status and forceful personalities to shape the development of nearly every aspect of the religion we now know as Christianity This volume examines their influence on late antique Christianity and provides an insightful portrait of their legacies in the modern world Departing from the traditionally patriarchal view Melania gives a poignant and sometimes surprising account of how the rise of Christian institutions in the Roman Empire shaped our understanding of women's roles in the larger world

Female founders in Byzantium and beyond Lioba Theis, Margaret Mullett, Michael Grünbart, 2014 This volume presents the results of a scholarly meeting which focused on the patronage of women in the Byzantine Empire. In their scope the articles address broadly not only the founding or re founding of churches and monasteries but also their rich decoration as well as numerous smaller donations. In spite of increased attention to gender research in recent years a comparative treatment of the legal and economic potential that women in Byzantium could exercise in order to exert independent influence has been lacking thus a gender specific viewpoint for the volume was intentionally chosen. **A Feminist Companion to Patristic Literature** Amy-Jill Levine, Maria Mayo Robbins, 2008-07 In its twelfth volume this text examines a number of Patristic texts and early Christian documents from a feminist perspective. **Banishment in the Later Roman Empire** Daniel Washburn, 2007 The Corporeal Imagination Patricia Cox Miller, 2009-03-04 With few exceptions the scholarship on religion in late antiquity has emphasized its tendencies toward transcendence abstraction and spirit at the

expense of matter In *The Corporeal Imagination* Patricia Cox Miller argues instead that ancient Christianity took a material turn between the fourth and seventh centuries During this period Miller contends there occurred a major shift in the ways in which the human being was oriented in relation to the divine a shift that reconfigured the relationship between materiality and meaning in a positive direction *The Corporeal Imagination* is a groundbreaking investigation into the theological poetics of material substance in late ancient Christian texts From hagiographies to literary descriptions of sacred paintings to treatises on relics and theurgy Miller examines a wide variety of ancient texts to reveal how Christian writers increasingly described the matter of the world as invested with divine power By appealing to the reader s sensory imagination Christian texts endowed phenomena like relics saints bodies in hagiography and saints presence in icons with a visual and tactile presence The book draws on a variety of contemporary theoretical models to elucidate the significance of all these materials in ancient religious life and imagination [Collection Latomus](#) ,2014 [Journal of ancient Christianity](#) ,2005 **Five Models of Spiritual Direction in the Early Church** George E. Demacopoulos,2007 In late antiquity the rising number of ascetics who joined the priesthood faced a pastoral dilemma This book explores the struggles of 5 clerics to reconcile their ascetic idealism with the reality of pastoral responsibility It explores each pastor s criteria for ordination supervision of subordinate clergy and methods of spiritual direction **Sophronius of Jerusalem and Seventh-Century Heresy** Saint Sophronius (Patriarch of Jerusalem),Pauline Allen,2009-01-22 Sophronius Synodical Letter was was read out at the Sixth Ecumenical Council in 680 1 and provided the only sustained rebuttal of the monoenergist doctrine This is the first publication of the letter in annotated translation alongside the original Greek Includes a comprehensive introduction and further documents on the monoenergist doctrine [Archiv für Religionsgeschichte](#) ,2007 **Women and Gender in Ancient Religions** Stephen P. Ahearne-Kroll,Paul A. Holloway,James A. Kelhoffer,2010 Revised versions of papers given at the conference Women in the Religious and Intellectual Activity of the Ancient Mediterranean World an Interdisciplinary and International Conference in Honor of Adela Yarbro Collins held March 15 17 2009 at the Methodist Theological School in Ohio and The Ohio State University Introd p 1 **The Role of Vestal Virgins in Roman Civic Religion** Lindsay J. Thompson,2010 This study introduces a question somewhat disregarded or discounted in recent years regarding the link between the Vestals and early Christian consecrated virgins In a political interpretation of the ancient Roman virginity cult this work demonstrates that female virginity was understood by both Christian and non Christian Romans as a symbolic analogue of the securely intact body politic [The American Benedictine Review](#) ,2007 [Bibliographic Index](#) ,2007
