Rappoport, 2015-06-25 Excerpt from *The Curse of the Romanovs A Study of the Lives and the Reigns of Two Tsars Paul I and Alexander I of Russia 1754 1825* The eyes of Europe are directed towards Russia the European China where the scion of the house of Romanov is seated on his tottering throne frightened at the phantom of an approaching Revolution Convulsively he is clinging to the throne of his ancestors reluctant to give up what he considers his right But has Nicholas II a right to the Russian throne Yes the right of the usurper Michael Romanov was elected Tsar of Russia by the voice of the nation but Peter I his grandson was the son of an unknown parent The Tsar himself knew that he was not the son of Alexis and one day he asked Count Yaguzhinsky to tell him whether he was his father The Count however replied that it was difficult to say as the Tsaritzza had so many lovers Elizabeth may or may not have been the daughter of Peter the Great She was in any case the daughter of Catherine I a former Livonian servant The legitimacy of Paul I is doubtful and if one is to believe the confessions of Catherine II he was not a Romanov For nearly three centuries these so called Romanovs have ruled over Russia but they have remained strangers to the people under the sway of their sceptre About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
